# 1.3.3 Unreconciled Control Accounts or Reports

## **Audit Observations**

- (a) There was a discrepancy of Rs.7,027,368 between the total value stated in the cash flow statement and the correct total value that should have been recorded in the cash flow statement in relation to the Padiyathalawa Agrarian Services Committee.

- (c) The Pottuvil Agrarian Services Committee had stated the balance of the Fixed Deposit Account as Rs.8,076,827, while the balance confirmation letter sent by the bank stated the value as Rs.6,251,438, resulting in a discrepancy of Rs.1,825,389.

I would like to inform you that the failure to account for the retention amount of Rs.41.097 due from the Agrarian Services Committee for the fence construction project of the Agrarian Services Committee is a mistake and will be corrected in next year's financial report.

I will take steps to take over and account for it in the future. The amount paid from the council's funds should be capitalized and the amount of withholding to be paid should be properly accounted for.

Action must be taken to take ownership and account for it.
