The Special Audit Report regarding the Amounts due to the Government from the Medical Officers who are on Vacated Post and the Attachment of Foreign-trained Specialist Medical Officers

Executive Summary

Currently, there is a significant increase in the number of medical officers quitting the service and vacating their posts for postgraduate training and for foreign employment as well as for other reasons in the health sector. Due to this, a trend is also observed of these medical officers not paying the security deposits and fines due to the government. The Establishments Code of the Democratic Socialist Republic of Sri Lanka, the Procedural Rules of the Public Service Commission which came into force on 02 April 2009 and the new Procedural Rules which came into force on 01 January 2023 have made relevant provisions regarding the manner in which matters relating to overseas travel should be handled.

However, the audit revealed that due to the failure to take action accordingly and the weaknesses in the internal control systems, the security deposits and fines due to these medical officers were not collected on time and the recovery was delayed, putting the ability to recover them at risk. Although, agreements had been entered into as at 31 October 2024 accordingly, Rs. 1,156,562,119 were outstanding from 705 medical officers who had violated those agreements, Rs. 119,404,239 from 116 medical officers who had not submitted their personal files for audit and Rs. 1,041,215 paid in excess as salaries, allowances and loan balance to be recovered from 05 medical officers who had left the service but did not have contractual bonds with the government was outstanding and it was observed during the sample audit that the responsible officers had not acted efficiently and responsibly to recover those outstanding amounts.

It was also observed that the specialist medical officers were not given appointments relevant to their field of expertise, personal files were not updated, a formal system was not developed to verify that the money due from medical officers who had vacated their posts and the government assets used by them were returned, and the Provincial Council Hospitals and Provincial Council Health Institutions had used the authority beyond the power of the Public Service Commission, which is the authority for appointing medical officers.

This report has made recommendations to maintain relevant appendices in accordance with procedural rules regarding all medical officers in the medical service, to identify medical officers who have violated contractual agreements and bonds through the preparation of a formal database, to take all relevant measures to promptly recover the money due to the government without delay, to take formal disciplinary action in accordance with relevant laws against officers who have negligently or intentionally failed to fulfill their responsibilities in this regard, and to take steps to strengthen the internal control process.

1. Background and Nature of the Report

It was observed that there was an increase in the number of medical officers leaving the service and leaving the service after completing their postgraduate degrees and after going abroad for overseas training related to the relevant postgraduate course from 2015 to 2024. It was also observed that a significant percentage of medical officers who go abroad after obtaining approval for foreign employment do not return to Sri Lanka and accordingly, there has been a significant increase in the number of cases where notices of leaving the service have to be issued to them. It was confirmed from the audit queries issued on the basis of the audit investigations carried out in the past and the replies received that the recovery of the bond values to be collected for not completing the mandatory service period contracted by medical officers who go abroad after taking paid leave for postgraduate studies and the fines to be collected for not completing the mandatory service period required by medical officers who go abroad after taking unpaid leave was showing very poor progress. It was observed that the attention of the responsible officials has not been sufficiently directed in this regard.

Due to the lack of an up-to-date and adequate data system regarding a medical officer from the time they were recruited into the service, there was a significant delay in issuing notices of resignation to medical officers who were leaving the service. During those periods, significant delays were observed in recovering money owed from officers who had breached their contractual bonds due to changes in the addresses of medical officers. The study conducted on the issues of not maintaining the personal files of medical officers properly updated, very poor performance of the Ministry's Legal Division in taking legal action on their behalf, the failure to blacklist the medical officers who left the services for several decades, the failure to collect the money due to the government due to the existing administrative weaknesses of the responsible officers, and the failure of the Ministry to take positive action on the observations pointed out by the audit regarding the employment of officers of the Sri Lanka Medical Service formed the background for issuing this report.

2. Methodology Followed

2.1 Documents, Books and Personal Files

- (a) Studying the approved service regulations, the procedure for recruiting medical officers and the decisions of the Cabinet of Ministers relating to the Sri Lanka Medical Service.
- (b) Obtaining registration information of medical officers through the Sri Lanka Medical Council.

- (c) Obtaining information at the Ministry level regarding the number of approved and actual medical officers.
- (d) Examination of personal files maintained by the Ministry regarding medical officers.
- (e) Obtaining information through letters of request for information.
- (f) Obtaining information from audit queries issued in the past regarding this matter and from the responses given to those audit queries.
- (g) Obtaining information from the Postgraduate Institute of Medicine affiliated to the University of Colombo .
- (h) Obtaining information from the Public Service Commission.
- (e) Obtaining responses to the draft audit report.

2.2 Obtaining Information through Information Systems

Checking the data available in the Human Resources Management Information System (HRMIS) maintained by the Director Medical Services Division of the Ministry of Health .

2.3 Obtaining Information through Interviews

Obtaining information through interviews conducted with officers and subject clerks.

3. Scope and Limitations of Scope

3.1 Scope

The increasing percentage of trained medical officers leaving their posts compared to the number of new medical officers being born annually in Sri Lanka has become a problem for the health sector at present. Moreover, the total amount of bonds, fines, loan advance balances due to the government from those medical officers and those who left their posts without completing the mandatory service period after obtaining foreign leave has reached Rs.1,277 million as at 31 October 2024. The failure to promptly identify those balances and other charges, the weaknesses in the measures to recover them and the problems related to them are the scope of this report.

3.2 Scope limitations

In preparing this report, my scope was subject to the following limitations.

- 3.2.1 The Ministry did not have a database even as at 31 October 2024, that could capture sufficient data on all medical officers who had not completed the minimum service period required after their overseas leave.
- 3.2.2 Although, the Ministry's Director Medical Services Division maintains a Human Resources Information Management System, it is not kept up to date and includes the information of all the medical officers .
- 3.2.3 Due to the lack of an adequate database system, the audit had to examine the personal files identified by various sources related to all the medical officers who had left their service, non submission of all the personal files requested by the audit and/or there were significant delays in submitting the personal files.
- 3.2.4 There was a significant delay in submitting information during the information calls made to the Chief Accounting Officer and other officers for this audit, and some information was not submitted for audit.
- 3.2.5 Personal files of 485 medical officers were not submitted for audit, the personal files of the medical officers submitted for audit were not maintained up to date, and many of the information that should have been included in the personal files was not included.
- 3.2.6 There are limitations in obtaining accurate information due to the lack of proper coordination between the three departments, namely the Director (Medical Services I), Director (Medical Services II) and Director (Tertiary Care Services), which maintain the personal files of medical officers .

4. Authority for the Audit

This Special Audit Report has been issued in accordance with the powers vested in me under Section 13 of the National Audit Act, No. 19 of 2018.

5. Process

5.1 Introduction of Medical Service of Sri Lanka Health Service.

5.1.1 Service Minute of the Medical Services in the Health Service

Without prejudice to any action taken or intended to be taken under the service minute of the Medical Personnel of the Health Service published in the Extraordinary Gazette of the Democratic Socialist Republic of Sri Lanka No. 662/11 of 17 May 1991 and as amended from time to time, the Sri Lanka Health Service Medical Personnel Act was replaced by the Extraordinary Gazette No. 1883/17 of 11 October 2014 and came into operation from 01 November 2013. According to the said Service Minute, the appointing authority for the post of Director General of

Health Services is the Cabinet of Ministers and the appointing authority for all other posts is the Public Service Commission. The Public Service Commission had not delegated any power related to the Sri Lanka Medical Service to the Provincial Councils.

5.1.2 Methodology of Recruitment

Officers who have obtained a medical degree from a recognized State University or a foreign university approved by the Sri Lanka Medical Council and successfully completed a one-year compulsory internship training in a hospital recognized by the Sri Lanka Medical Council and are fully registered with the Sri Lanka Medical Council to serve as medical officers are recruited into the medical service as medical officers. Dental officers who have obtained a dental degree from a recognized State University or a foreign university approved by the Sri Lanka Medical Council and are fully registered with the Sri Lanka Medical Council to serve as dentists are recruited as dental officers.

All medical officers and dental officers recruited by the Public Service Commission are appointed subject to a probationary period of 03 years .

Sri Lankan citizens who obtained foreign medical degrees and foreign dental degrees after 01 November 1988 must have passed the special examination under 29.1 (b) (ii) (cc) and 29.2 (b) (iii) of the Medical Ordinance, and Sri Lankan citizens who obtained foreign medical degrees must have successfully completed one year of compulsory internship in a hospital recognized by the Sri Lanka Medical Council.

Further, foreign doctors' educational qualification with a Bachelor's/Dental degree is accepted,

- (a) If the relevant degree has not been previously approved, it shall be referred to the Foreign Degree Committee and
- (b) Graduates who have completed their course in a language other than English are subject to the condition that they undertake a four-month language familiarization course.

5.1.3 Promotions

Medical officers are promoted from Primary Grade to Grade II and from Grade II to Grade I, and this is done based on fulfilling the qualifications specified in the Medical Services Regulations of the Sri Lanka Health Service.

Accordingly, when promoting from Grade II to Grade I, promotions are made in two categories: Medical Officers with Postgraduate Degree/Diploma and Medical Officers without Postgraduate Degree/Diploma.

- (a) Medical officers without a postgraduate degree/diploma should have completed 12 years of active service in the second grade of the service category and should have earned 12 salary increments within the prescribed period, whereas medical officers with a postgraduate degree/diploma should have completed 06 years of active service in the second grade of the service category and should have earned 06 salary increments within the prescribed period and should have successfully fulfilled the qualifications and post-qualifications specified in Appendices I and II of the Service Regulations.
- (b) Dental Officers without Postgraduate Degree/Diploma should have completed 15 years of active service in the second grade of the service category and should have earned 15 salary increments within the prescribed period, whereas Dental Officers with Postgraduate Degree/Diploma should have completed 09 years of active service in the second grade of the service category and should have earned 09 salary increments within the prescribed period and should have successfully fulfilled the qualifications and post-qualifications specified in Appendices I and II of the Service Regulations.

5.2 Role of the Medical Service and Approved Grades and Posts

5.2.1 Role of the Medical Service

The officers of the Medical Service of the Sri Lanka Health Service, which is an island-wide service, are governed by the Medical Service Regulations of the Sri Lanka Health Service and are responsible for the general administration of the Ministry of Health (Ministry of Health, Decentralized Units), Patient Care Services (Practitioner Services), Public Health Services (Preventive Services) and these officers are responsible for the planning of patient care services and the provision of health services. These services cover the entire spectrum of preventive (diagnostic and therapeutic), promotive and rehabilitative aspects of health and insurance, with specialist services provided where necessary, with the aim of ensuring the physical, mental and social well-being of the people. In addition to the above functions, they are also responsible for education, training, research, judicial work as well as supervision and policy and planning in relation to medical services, and general administrative work in all the above-mentioned sectors, including management of the overall health services.

5.2.2 Approved Grades and Positions

5.2.2.1 In accordance with the Service Minute referred to in 5.1.1 above and in accordance with the letter No. HP/DP/06/2024 of 24 October 2024 submitted for audit by the Deputy Director General (Planning), the approved grades and posts in the Medical Service as at 31 December 2023 are shown below.

Approved Grades	Job Titles	Number of Approved Positions
Deputy Director General Grade	Additional Secretary (Medical Services)	1
	Additional Secretary (Public Health Services)	1
	Director General of Health Services	1
	Deputy Director Generals	11
	Deputy Director General / National Hospital of Sri Lanka	1
Senior Medical Administration Grade	Senior Assistant Secretary (Medical Services)	81
	Directors (Ministry/Hospital/Programs)	
	Provincial Health Service Directors	
	Regional Health Service Directors	
	Deputy Directors / National Hospital of Sri Lanka	
	Provincial Health Deputy Directors of Services	
Deputy Medical Administrative Grade	Deputy Directors (Ministry/Hospital/Programs)	82
	Deputy Regional Health Directors	
	Medical Superintendents, Deputy	
	Medical Superintendents	
Specialist Medical Grade	Specialist Medical Officers	1954
	Specialist Dental Officers	88
Medical Officer Grade I	Medical Officers (Ministry/Hospital/Programs)	14810
Medical Officer Grade II		
Medical Officer Primary Grade		

Dental Officer Grade I	Dental	Officers	829
Dental Officer Grade II	(Ministry/Hospital/Programs)		

- 5.2.2.2 According to information obtained from the Internet, it was observed that although the standard accepted by the World Health Organization is 1000:1 for the number of medical personnel in a country compared to the population, the ratio in Sri Lanka was 671:1 by the year 2024.
- 5.2.2.3 The Cabinet Memorandum No. MH/AD/01/A/113/2009 dated 21 August 2009 (Annexure 01) of the Minister of Health Protection and Nutrition entitled "Revision of the number of Specialist Doctors in the Department of Health Services (Proposed number of employees up to 2015)" and the letter of the National Salaries and Cadre Commission No. NSCC/03/04/Cabinet Decision dated 25 January 2010 addressed to the Secretary to the Cabinet (Annexure 02) had been approved by the Cabinet Paper No. AMP/09/2020/311/125 dated 21 August 2009 on 10 February 2010 (Annexure 03). Its recommendations are as follows.
- (a) Approval of the expansion of the number of specialist doctors to 2,837 under a ten-year plan and simultaneous planning of the associated infrastructure and support services .
 - (b) Creation of new medical specialties as specified in the relevant annex.
 - (c) Planning to fill the number of specialist doctors as indicated above, as appropriate, within the period up to 2020 .
 - (d) Approving as a policy the provision of post-medical training to doctors at the Senior Registrar level according to specialist medical needs .
- 5.2.2.4 In accordance with the letter No. DMS/ 0016/120 dated 04 October 2024 (Annexure 04) sent by the Director General of the Department of Management Services to the Secretary to the Ministry of Health with the title of “Increasing the number of approved posts of Medical Officers undergoing postgraduate training”, the number of Medical Officers (Primary/I/II) of 3500 who are currently assigned to the Head Office of the Ministry of Health for postgraduate training has been approved to be increased to 3,700 and attention has also been paid to the following points.
- (a) When referring medical officers for postgraduate studies, the approved number of 3,700 trainees should be considered as the maximum limit, so that it does not hinder the smooth running of the health service, and medical officers should not be attached for training beyond that limit.

- (b) Since there is a severe shortage of specialist medical officers in certain fields despite the provision of postgraduate training, as a solution to the shortage of medical expertise, identify the areas where there is a shortage and provide training by prioritizing them accordingly.
- (c) To ensure that the total number of approved Medical Officer posts is not exceeded when making new recruitments for vacancies arising in the post due to the attachment of Medical Officers to the Head Office for providing post-medical training.

5.3 Delegation of Powers relating to the Sri Lanka Medical Service

Pursuant to the delegation of powers by the Public Service Commission in terms of Articles 56 (1) and 57 (1) of the Constitution of the Democratic Socialist Republic of Sri Lanka, the Public Service Commission had delegated the powers in relation to the Sri Lanka Medical Service as follows, in accordance with the notification published in the Extraordinary Gazette of the Democratic Socialist Republic of Sri Lanka No. 2004/49 dated 01 February 2017.

Catogery of the Post	Public Officials to whom powers are Delegated	Delegated Powers
All posts in the Sri Lanka Medical Service	Health Services Committee appointed by the Public Service Commission	(v) Appointment and promotion as per the service minute approved by the Public Service Commission.
		(vi) All transfers, including annual transfers, are made in accordance with the procedure approved by the Public Service Commission.
		(vii) Disciplinary control and dismissal for offences specified in the First Schedule to Chapter XLVIII of the Establishment Code.
		(viii) In addition to the powers granted to the Secretary to the Ministry by Public Service Commission Circular No. 3/2016, concessions regarding efficiency bar examinations are provided.

Sri Lanka Medical Service Grade I and above officers	Ministry Secretary to the Minister in Charge of Health	(iii) Disciplinary control regarding the offences specified in the Second Schedule to Chapter XLVIII of the Establishments Code (iv) Providing concessions regarding the Efficiency Bar Examination as per Public Service Commission Circular No. 3/2016.
Officers below Grade I of the Sri Lanka Medical Service	Ministry Secretary to the Minister in Charge of Health Ministry Secretary to the Minister in charge of Health/ An Additional Secretary nominated by the Secretary to the Ministry and approved by the Public Service Commission.	(iii) Providing concessions regarding the Efficiency Bar Examination as per Public Service Commission Circular No. 3/2016. (iv) Disciplinary control regarding the offences specified in the Second Schedule to Chapter XLVIII of the Establishments Code

5.4 Postgraduate Courses

Registered Medical officers who are registered and selected through the normal procedure of the Postgraduate Institute of Medicine, University of Colombo are attached to hospitals and given the opportunity to continue their studies. During that period, their salaries and other administrative matters are handled by the Director (Tertiary Care Services) of the Ministry of Health. Medical officers who go abroad to obtain a one- year foreign training for obtaining a Board Certificate after their local studies are granted a maximum of two years of full-pay study leave abroad. Medical officers on full-pay study leave, medical officers on unpaid study leave, medical officers on unpaid leave for foreign employment or assignment and medical officers on unpaid leave for the dual purpose of education and employment abroad must enter into an agreement in accordance with the Appendix to the Establishments Code of the Democratic Socialist Republic of Sri Lanka. Details of the agreements to be entered into are set out in paragraph 5.6 .

- 5.4.1 Medical Officers and Dental Officers with local or foreign basic medical qualifications and Medical Officers and Dental Officers with foreign postgraduate qualifications must complete at least one year of active service before pursuing a postgraduate training course in the relevant specialty.
- 5.4.2 Medical officers who go abroad for postgraduate courses must complete the foreign training and serve a mandatory period of service equal to four times the relevant foreign study leave period from the date of their return to the island. If the study period has been extended for any reason, and if it is stipulated that they must serve the government for an additional period, they are bound to do so by the agreement.
- 5.4.3 In order to get effective benefit from the money spent by the government in relation to a postgraduate course pursued by a medical officer, that medical officer should be sent after the postgraduate course to a position where there are vacancies in that field, in a manner that is appropriate to the field of specialization pursued by that medical officer.
- 5.4.4 Medical officers pursuing postgraduate courses selected through the normal procedure of the Postgraduate Institute of Medicine of the University of Colombo will have their examination fees reimbursed by the government upon successful passing of the relevant postgraduate examination at the first attempt.
- 5.4.5 Course fees are paid to the Postgraduate Institute of Medicine by the medical officers studying the relevant course and the Ministry of Health reimburses the course fee to the relevant medical officer upon his request.

5.5 Academic Leave

Medical Officers with a Master of Medicine degree/Master of Surgery degree/Master of Dental Surgery degree and other qualifications from a Postgraduate Medical Institutes are required to complete one year of foreign training to obtain Board Certification. The Postgraduate Institute of Medicine provides opportunities for this. This may or may not be a case where salaries are paid by the foreign hospital/institution that is sending the trainee for the relevant training. The Ministry will approve paid foreign leave for a maximum of 2 years for officers selected in this manner, subject to the request of the officer, and an officer selected for unpaid training will be paid a monthly subsistence allowance for a period of one year from the relevant foreign currency. The study leave thus obtained can be taken with full pay or without pay.

5.5.1 Academic Leave with Full Pay

Medical Officers may also avail themselves of the opportunities for study leave with full pay abroad or in this country in terms of Section 14 of Chapter XII of the

Establishments Code of the Democratic Socialist Republic of Sri Lanka and before going on such leave, the Medical Officer shall be required to sign an agreement in terms of Section 14.4 of Chapter XII of the Establishments Code and Section 4.12 of Chapter XV. A Medical Officer shall be granted study leave with full pay abroad or in this country for the period of study or training for the following reasons.

- (a) When selected under an approved departmental internship program or scholarship program to obtain the required qualifications at government expense
- (b) When sent on a scholarship obtained at the request of the Government (as per Sub-section 1:5:3 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka),
- (c) When sent abroad at the expense of the Government or a foreign government or agency for a course of study/training in accordance with the recruitment/promotion procedure applicable to his/her post,
- (d) When he has obtained through his own efforts a scholarship awarded by a foreign agency or a foreign government for a course of study or training, in accordance with sub-sections 1:5:1 or 1:5:2 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, for a person who has been admitted to the training programmes of the Department and who would normally have been sent abroad at Government expense for studies at some stage during his career,
- (e) To attend a seminar, training programme, technical training course, vocational training course, study tour, etc. conducted by a foreign government or agency (However, study leave with full pay can be granted for such purpose only if the relevant invitation has been made to the Government of Sri Lanka and the officer has been nominated by the Government to attend it)

5. 5.1.1 Medical officers on full pay academic leave shall sign an agreement as per Section 14.4 of Chapter XII and Section 4.12 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka as per Appendix 8 and the Director General of Health Services shall be at liberty to cancel the agreement and recall the concerned medical officers at any time due to the following reasons. Further, if in any case, due to any compelling reason, the sending agency decides to forfeit the return portion of the travel allowance of the concerned medical officer, the relevant medical officers shall bear the travel expenses for returning to Sri Lanka themselves.

- (a) The work and/or conduct of the trainee concerned is not satisfactory.

- (b) If the relevant medical officers become unfit or unfit to receive further training due to illness or deterioration in health.
 - (c) Failure of the relevant medical officer to act in accordance with the terms and conditions stipulated in the agreement.
 - (d) Failure of the relevant medical officer to send periodic reports to the Director General of Health Services regarding the studies he is receiving.
 - (e) If the relevant medical officer criticizes the government, people or customs of the relevant country or makes an inappropriate statement about it.
- 5.5.1.2 If the medical officer concerned resigns from his scholarship or abandons his studies and training before the end of the course for any reason not satisfactory to the Director General of Health Services, he shall be deemed to have forfeited all benefits under the agreement and shall be liable to repay to the Government in full all expenses incurred by the Government and the sponsoring agency in respect of the scholarship up to the date of his resignation. Further, he shall also make arrangements for his return journey to Sri Lanka and bear the cost of his travel expenses.
- 5.5.1.3 If the relevant training facility granted to the concerned Medical Officer is cancelled by the sponsoring agency due to unsatisfactory performance and/or conduct of the concerned Medical Officer or if the concerned Medical Officer is recalled to Sri Lanka for the reasons mentioned under paragraphs (5.5.1.1) (a), (c), (d), or (e) herein, then the entire expenditure incurred for this scholarship shall be refunded by the concerned Medical Officer .
- 5.5.1.4 If the relevant medical officer returns to Sri Lanka when ordered to do so, or If he fails to resume duty after completing his course of study and training or after completing the relevant course of study and training before the prescribed time, or If, after resuming duty under the Government, If, after resuming duty under the Government, he fails to render service to the Government for a period of at least four times the leave period from the date of assuming duty as mentioned above, or If he resigns from the appointment he has received under the Government before the relevant compulsory period of service has expired after assuming his duties as mentioned above, or If he is dismissed from service or removed from office due to inefficiency or for any other reason before the expiry of the relevant mandatory service period, or If he expresses his preference to retire before reaching the age of sixty years before the expiry of the relevant compulsory service period, or If he fails to comply with any other condition of the relevant agreement, the relevant medical officer shall reimburse the Government for the expenses incurred by the Government and the sponsoring agency on behalf of the relevant trainee for this scholarship.

- 5.5.1.5 A document purporting to be a statement of accounts of the amount of money due or payable to the Government as aforesaid and certified by or on behalf of the relevant Director General of Health Services shall be deemed to be evidence that it was written and signed or the facts contained therein or the signatures placed thereon shall be admissible without any additional or other evidence to prove it.
- 5.5.1.6 The relevant medical officer should have his/her periodic reports on studies and training during his/her stay in the relevant country certified by the Head of Administration of the sponsoring agency and sent to the Director General of Health Services.
- 5.5.1.7 The concerned medical officer shall, within one month of assuming office, submit to the Director General of Health Services for the information of the officers of his department a detailed report of the knowledge acquired during the said course of study and training in the subject of ENT for the MD/MS (doctor of medicine / medical specialist) board certificate on matters which may be of general and special benefit to the officers of his department.
- 5.5.1.8 If the trainee concerned submits an application to the Director General of Health Services requesting the termination or extension of his training period due to illness while in the country concerned, he shall submit with the application a certificate from a Medical Officer approved by the High Commissioner of Sri Lanka in the country concerned to prove that he is ill. If, for any reason the Medical Officer concerned is approved for an extension of the training period, he shall continue to receive training in accordance with the provisions of this Agreement during the extended period. Further, the extended period shall be deemed to have been included as part of the training period from the beginning and the provisions of this Agreement shall apply in respect of the extended period. If permission is granted to extend the period , and upon re-assignment, it is required that the trainee serve the government for a further period in addition to the mandatory period of service specified herein, the relevant trainee shall be liable to serve the government until the expiry of that additional period.
- 5.5.1.9 In cases where leave with full pay has been taken in accordance with Section 4:7 of Chapter XV of the Establishments Code as amended by Public Administration Circular No. 24/97 of 28 November 1997, the agreement should provide that the officer shall reimburse the expenses incurred for the exercise in full in case of breach of any condition or provision of the agreement. However, the following clauses should be included in the agreement to allow for relaxation only in relation to the compulsory service period. The full fine specified in the agreement should be levied on officers who have not served at least half of the compulsory service period stipulated. Officers who have served half or more of the full period specified in the agreement should be levied an amount calculated in proportion to the time remaining to serve from the compulsory service period .

- 5.5.1.10 The expenses incurred for the training here are the expenses incurred in connection with the training, which include the salary and allowances paid to the Medical Officer during the training period, the expenses incurred for travel, if any special allowances paid to the Medical Officer during the training period, such allowances, medical expenses, fees paid to or on behalf of the Medical Officer or for the course of study and training, advances or allowances paid. When a Medical Officer who has been granted paid foreign study leave by the Ministry, leaves the service without completing his mandatory service period, when calculating his bond amount, information about the actual expenses incurred on his behalf during this leave period is obtained from the Ministry's Accounts Division and the bond amount is recalculated and recovered accordingly.
- 5.5.1.11 If a Medical Officer who is bound by an agreement to serve a period of compulsory service in terms of Section 4.10 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, is subsequently selected for a course of study or training which requires him to be bound for another period of compulsory service, the cost of the first course of study or training shall be added to the cost of the courses offered subsequently for the purposes of the agreement entered into later in terms of Section 4.11 of Chapter XV of the Establishments Code. In accordance with Public Administration Circular 09/2014 of 19 May 2014 and Section 16 of Chapter XII of the Establishments Code, the spouse engaged in public service has also been given the opportunity to accompany a public officer who is going abroad for higher education on a foreign scholarship and that period should be considered as a period of leave without pay.
- 5.5.1.12 In terms of General Circular No.1713 of 15 July 1991 (**Annexure 05**) issued by the Director General of Health Services numbered ECH/19/90, the medical officers who are the trainees of Postgraduate Institute of Medicine shall not be granted any earned leave or unpaid overseas leave to be spent outside the island until 3 years have elapsed from the date of their return to the island and reporting for duty at the end of such leave.

5.5.2 Unpaid academic leave

- 5.5.2.1 In terms of Section 15 of Chapter XII of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, a person is entitled to obtain leave without pay for the purpose of pursuing a specific course of study in this country, other than a Doctorate degree, and accordingly, medical officers can also obtain leave without pay. For this, the relevant course should be approved by the Head of the Department, certifying that the proposed course is suitable for him, that it is relevant to his field of work and that it can be useful to him in the performance of his duties. For this purpose, unpaid study leave can be granted in this country for a period of up to 3 years. In terms of Section 16 of Chapter XII of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, unpaid study leave abroad is granted

only for the purpose of pursuing a regular course in a recognized institution and the continuous period given for study should not exceed 3 years. A Medical Officer may be granted unpaid foreign study leave only if the Head of Department certifies the following:

- (a) That the training/study is necessary for the proper performance of the functions of the department or for the promotion opportunities of the officer.
- (b) That the Department does not have a scholarship scheme for this purpose.
- (c) That there are no facilities in this country for this work.

5.5.2.2 The Medical Officers so taken on unpaid study leave shall sign an agreement as per Appendix 9 in terms of Sections 15.5 of Chapter XII and 5.1 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka and it is further agreed between the parties that whenever the Medical Officer concerned requests to extend the period of unpaid leave granted to him, the Government may extend the said period of unpaid leave from time to time at the sole discretion of the Government. However, when the period of unpaid leave is so extended, the minimum compulsory period of service to be served after re-assignment shall be increased by an additional period to be determined by the Government and the amount to be paid by the said officer in case of breach of the terms of the agreement shall be increased proportionately by an additional amount to be determined by the Government. In the event that the minimum mandatory service period for which the officer is obliged to serve and the amount payable by the officer in case of breach of the terms of the relevant agreement are increased proportionately after such extension of the period of leave without pay, the period of mandatory service and the amount payable by the officer as currently mentioned in this agreement shall be replaced by the total period of leave without pay, the total period of mandatory service and the total amount payable by the medical officer as included in the relevant clauses of this agreement respectively.

5.5.3 Leave for Foreign Employment

In terms of Section 16 of Chapter XII of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, no pay leave may be granted for a period of 5 years for a continuous period only for employment and the total number of such leaves that may be granted to a Government officer during his service shall be limited to 5 years. Medical officers who go on no pay leave for foreign employment or assignment shall sign an agreement as per Appendix 10 in terms of Section 16.5 of Chapter XII of the Establishments Code of the Democratic Socialist Republic of Sri Lanka.

5.5.4 No Pay Leave for the Dual Purpose of Studying and Working Abroad

As per Section 16 of Chapter XII of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, no pay leave may be granted for a total period of 5 years during their service period for the dual purpose of study or foreign employment (i.e. , employment after study or vice versa). Medical officers who are granted no pay leave for the dual purpose of study and employment abroad shall sign an agreement as set out in Appendix 11 in accordance with Section 16.5 of Chapter XII of the Establishments Code of the Democratic Socialist Republic of Sri Lanka.

5.6 Agreements and Bonds

5.6.1 Medical officers going abroad for various purposes shall enter into an agreement as per the Appendix mentioned in the Establishments Code of the Democratic Socialist Republic of Sri Lanka and in addition, medical officers on full pay academic leave shall also sign a bond set out in Appendix 15 in accordance with Section 4.12 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka. Details of the agreements to be entered into are given below.

Type of Leave	Referring to the Establishments Code of the Democratic Socialist Republic of Sri Lanka
Fully paid academic leave	The form set out in Appendix 8 in accordance with Section 14.4 of Chapter XII and Section 4.12 of Chapter XV
No pay academic leave	The form set out in Appendix 9 in accordance with Section 15.5 of Chapter XII and Section 5.1 of Chapter XV
No pay leave for foreign employment or assignment	The form set out in Appendix 10 in accordance with Section 16.5 of Chapter XII.
No Pay leave for the dual purpose of studying and working abroad	The form set out in Appendix II 11 in accordance with Section 16.5 of Chapter XII .

The following matters are agreed upon between the Medical Officers and the Director General of Health Services by means of the agreements and bonds to be entered into in accordance with the above note.

5.6.2 When directed by the Government, the relevant Medical Officer shall visit the relevant country and undertake the courses of study and training arranged for him by the sponsoring agency and/or the Director General of Health Services within the prescribed period.

- 5.6.3** The relevant medical officer, upon arrival in the relevant country, must report to the Head of Administration of the sponsoring agency and follow all instructions received from time to time from the person or persons designated by the relevant sponsoring agency and/or the Director General of Health Services regarding his/her duties.
- 5.6.4** The Medical Officer concerned shall, during his stay in the country concerned, perform any duties which may be relevant to the course of study or training concerned. He shall also comply with all instructions received from the Director General of Health Services regarding his duties, residence and other matters.
- 5.6.5** The relevant Medical Officer shall not, without the prior written approval of the Director General of Health Services, undertake any other qualification and/or training other than that specified in the agreement, or undertake any other course of study or training for the purpose of obtaining such qualification and/or training, within the prescribed period, and shall not, without the prior approval of the Director General of Health Services, alter his/her course of study/training, or shorten the said course of study/training, or utilize any remaining period of the relevant paid leave for any other purpose.
- 5.6.6** After completing the said study and training in the relevant country, unless otherwise directed by the Director General of Health Services, the concerned Medical Officer shall immediately return to Sri Lanka and resume his duties under the Government. From the date of such resumption of duties, he shall serve under the Government until a period of 04 times the period of his paid leave has elapsed and upon the expiry of the period of paid leave or the completion of the above-mentioned course of study/practice, whichever occurs first, he shall return to Sri Lanka and accept the decision of the Government as final, and shall be bound to assume duties in any post as prescribed by the Government and serve under the Government for a period not less than the compulsory period of service calculated from the date of his assumption of duty. However, in cases where the period of service required to be served exceeds the age of optional retirement (55 years), the Republic may allow the officer concerned to retire subject to the payment to the Republic of such sum as the Republic may determine for the remainder of the period of service required to be served.
- 5.6.7** If the Medical Officer concerned fails to obtain the prescribed qualifications or fails to return to Sri Lanka on the expiry of the leave with pay approved to him or fails to take up duties under the Government as aforesaid after his return to Sri Lanka or fails to serve the period of compulsory service calculated from the date of taking up duties under the Government as aforesaid or resigns from the appointment held under the Government before the expiry of the period of compulsory service calculated after taking up duties as aforesaid or is dismissed from service before the expiry of the period of compulsory service calculated for inefficiency or for any reason other than the reason for reduction of expenses or is removed from office or

fails to comply with any of the other terms of the relevant agreement, then he shall pay to the Government a penalty calculated in the valid currency of Sri Lanka as applicable.

5.7 Compulsory Service Period and Fines

5.7.1 Compulsory Service Period

5.7.1.1 In terms of Section 4:3:1 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, when an officer is sent for study or training abroad, it is the responsibility of the Head of Department to ensure that there is sufficient time for him to complete the compulsory service period before he reaches the age of 55 years and in terms of Section 4:4, the compulsory service period should be concluded as follows.

- (a) There is no compulsory service when the period of leave, including the minimum time required for travel, is one month or less.
- (b) For a period exceeding one month, the compulsory period of service shall be four times the leave period.
- (c) The compulsory service period should be limited to a minimum of one year and a maximum of 10 years .
- (d) The compulsory period of service shall be calculated to the nearest full month and the leave period shall be calculated to include the minimum time spent on travel.
- (e) If a Medical Officer who is bound by an agreement to serve a period of compulsory service in terms of Section 4.10 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka is subsequently selected for a course of study or training which requires him to serve another period of compulsory service , he shall be released from the first agreement. If any part of the period of compulsory service prescribed under the first agreement remains, that part shall also be added to the period of compulsory service to be served under the second agreement.
- (f) In the event that an officer who is serving during a period of compulsory service on leave taken with full pay is granted unpaid academic leave in terms of Section 5 of Chapter XV of the Establishments Code as amended by Public Administration Circular No. 02/2019 of 22 February 2019, after the completion of the unpaid academic leave and the officer reports back to work, the total compulsory service period equal to the sum of the remaining compulsory service period under the original contract and the compulsory service period bound to serve under the second contract shall be served for the

Government, irrespective of the maximum limit of 10 years prescribed by Section 4:10 of Chapter XV of the Establishments Code.

5.7.1.2 In accordance with Section 14:6 of Chapter X II XII of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, the compulsory period of service for full-pay study leave in the country shall be calculated as follows.

- (a) There is no compulsory service period for a period of less than six months.
- (b) In the case of a period of six months or more, the compulsory period of service shall be twice the leave period, subject to a maximum of 5 (five) years .
- (c) Compulsory service period should be calculated to the nearest full month.

5.7.1.3 In accordance with Section 15:4 of Chapter X II of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, the compulsory period of service in respect of unpaid study leave granted for study or training purposes shall be calculated as follows.

- (a) There is no compulsory service period for a period of less than one year.
- (b) The period of compulsory service for a period of one year or more shall be the same as the period of unpaid leave.
- (c) Compulsory service period should be calculated to the nearest whole month.

5.7.1.4 In accordance with Section 16.15 of Chapter XII of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, the period of compulsory service for unpaid foreign employment and/or study leave shall be double the period of unpaid leave taken by an officer. However, one month shall be deducted from the compulsory service for each year of permanent and pensionable service completed by the officer at the time of commencement of unpaid leave, subject to the following conditions:

- (a) This deduction should be made only for years in which no unpaid leave has been taken.
- (b) The minimum mandatory service period shall be one year.
- (c) In terms of Public Administration Circular No. 284 of 09 April 1985, only the completed years should be taken into account when calculating the compulsory service period for officers who take unpaid study/work leave abroad.

As stated above, the mandatory service period for unpaid leave is calculated as follows. Here, the service period of officers is calculated as the total number of

years obtained after deducting the date of initial appointment from the date of commencement of leave.

$$\text{Compulsory Service Period} = (\text{Vacation period received (months)} \times 2) - \text{One month per year of completed service}$$

- 5.7.1.5 In accordance with Section 5:3:1 of Chapter XV of the Establishments Code as amended by Public Administration Circular No. 02/2019 of 22 February 2019, when granting unpaid academic leave to an officer who is serving during a compulsory service period obtained with full pay, after the completion of the unpaid academic leave and the officer reports back to work, the total compulsory service period equal to the sum of the remaining compulsory service period under the original contract and the compulsory service period bound to serve under the second contract shall be served for the Government, irrespective of the maximum limit of 10 years prescribed by Section 4:10 of Chapter XV of the Establishments Code.
- 5.7.1.6 In accordance with Section 5.3.3. of Chapter XV of the Establishments Code as amended by Public Administration Circular No. 02/2019 of 22 February 2019, an officer who is bound by an agreement with the Government for a full-pay study leave cannot be granted leave for foreign employment without completing the prescribed mandatory service period.

5.7.2 Penalty

If a Medical Officer fails to serve the compulsory period of service, the penalty to be recovered in accordance with Section 5.2 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka shall be calculated at one-third of the consolidated monthly salary drawn by the Medical Officer at the time of his departure from the country for each month not served in the compulsory period of service. However, if the leave taken by the Medical Officer is extended on a later date, the penalty shall be calculated on the basis of the salary drawn on that date if he had been in Government service up to that date. The penalty as stated above is calculated as follows:

$$\text{Penalty Amount} = \text{Combined salary} \times \text{Mandatory Service Period}$$

- 5.7.2.1 Although, the agreement should have provided for the officer to fully reimburse the expenses incurred for the training in accordance with Section 4.10 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, in the event of any breach of any condition or provision of the agreement, officers who have not served at least half of their mandatory service period should be charged the full fine specified in the agreement. Officers who have served half or more of the full period stipulated in the agreement shall be liable to pay an amount calculated in proportion to the period remaining to be served in the compulsory service period.

- 5.7.2.2 In accordance with Section 4.8 of Chapter XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, the person signing a bond as a guarantor must be a person who owns immovable property of a value equal to the maximum penalty specified in the agreement or a person who receives an annual income of 1/4 of the maximum penalty or more, and must not be a debtor to the Government as the principal debtor or guarantor.

5.8 Maintaining Personal Files and Registers

- 5.8.1 In accordance with Sections 4 and 5 of Chapter VI of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, a personal file shall be maintained in a formal manner for every Medical Officer and shall be kept up to date.
- 5.8.2 As per the letter No. EC-II/SA(Gen)/01/2021 (**Annexure 06**) issued on 10 February 2022 by the Director General (Medical Services) II of the Ministry of Health, it was informed that the subject officers should maintain the personal files of the medical officers up to date and steps should be taken to correct any incomplete information in the past.
- 5.8.3 The Public Service Commission of the Democratic Socialist Republic of Sri Lanka shall maintain records in accordance with the procedural rules published in the Extraordinary Gazette of the Democratic Socialist Republic of Sri Lanka No. 1589/30 of 20 February 2009, as set out in Sections 225, 226 and 227 of Chapter XIX thereof, which came into force on 02 April 2009, and in accordance with the new procedural rules published in the Extraordinary Gazette of the Democratic Socialist Republic of Sri Lanka No. 2310/29 of 14 December 2022, which came into force on 01 January 2023, as set out in Sections 288, 289 and 290 of Chapter XX thereof .
- 5.8.3.1 The following documents must be maintained as per the new procedural rules effective from 01 January 2023.

Appendix The register to be maintained by the authorized representative

- | | |
|----|---|
| 21 | Regarding the appointments and promotions of government officials |
| 22 | Regarding dismissed government officials |
| 23 | Regarding government officials who resigned from service |
| 24 | Regarding government officials who have vacated their posts |
| 25 | Regarding government officials who have been suspended from work and placed on compulsory leave |
| 26 | Regarding retired government officials |

- 27 Regarding officers retired due to general inefficiency
- 28 Regarding officers who were retired as a compassionate alternative to dismissal
- 29 Semi-annual report to the Public Service Commission on staff changes
- 30 The register to be maintained regarding all staff in every government office/institution

5.8.3.2 In accordance with Section 8:1 of Chapter V of the Establishments Code of the Democratic Socialist Republic of Sri Lanka, up to 01 April 2009, and in accordance with the EST-3 Form introduced by the Public Service Commission vide its letter No. PSC/ET/1/4 dated 15 July 2011 (Annexure 07) addressed to all Secretaries of Ministries and Heads of Departments from 02 April 2009, vide its letter No. PSC/ET/1/4/9 dated 09 November 2012 (Annexure 08) and vide its letter No. PSC/EST/09-03/04/2015 dated 18 April 2016 (Annexure 09), When an employee is retired on grounds of inefficiency or is retired or dismissed as a compassionate measure in lieu of dismissal, or is terminated from service due to misconduct while holding a temporary appointment or an appointment subject to probation or probation, or leaves office, the same should be reported to the Public Service Commission before the 20th of June and the 20th of January of each month and a soft copy should also be forwarded.

5.9 Information Requests and Information Submitted Accordingly

- 5.9.1 In relation to this special audit, information was collected from the Secretary to the Ministry, responsible officers of the Ministry and the Sri Lanka Medical Council through 46 letters of information call, of which information had not been submitted for 16 letters by 15 July 2025. Details are given in (Annexure No.10)
- 5.9.2 In addition, information related to the completion of postgraduate degrees pursued by medical officers under the Postgraduate Institute of Medicine (PGIM) attached to the University of Colombo was also collected through letter No. MED/B/LBA/2024/66 dated 13 September 2024.
- 5.9.3 Letter No. MA/MS/A/11/2021 dated 21 October 2024 (Annexure 11) was submitted for audit in response to the letter of request for information sent to the Director (Medical Services) based on the information submitted for audit via email on 12 August 2024 regarding the medical officers included in the computerized data management system maintained by the Medical Services Division on 12 August 2024.
- 5.9.4 The letter dated 03 April 2024, bearing number MED/B/MH/01/INFO/2023/88, addressed to the Secretary of Health regarding the medical officers sent for training, had not been replied to as of 21 November 2024 and the Secretary to the Ministry of

Health had referred for audit an internal memo dated 26 August 2024, bearing number TCS/F/2023 Audit/INFO/2024/37, addressed by the Director (Tertiary Care Services) to the Chief Financial Officer III. According to this internal note, it was informed that the information requested regarding medical officers sent for local and foreign training had not been updated formally by the respective subject officers and therefore the Tertiary Care Services Division did not have detailed information. It was also informed that information regarding medical officers sent for local training had been requested from the Postgraduate Institute of Medicine.

5.9.5 The Sri Lanka Medical Council obtained information on the registration of 1,437 medical officers who had left the service and accordingly, 860 medical officers had maintained their registration up to the year 2024, while 270 medical officers listed in **Annexure No. 12** had not updated their registration. It was also stated that the registration information of 288 medical officers listed in **Annexure No. 13** was not available and it was also stated that the medical officer with personal file number 23249 had died.

5.9.6 The personal files of 230 medical officers who had been contracted as guarantors were requested to be submitted to the audit, and only 132 personal files had been submitted to the audit as at 28 November 2024.

5.10 Medical Officers who Left the Service

5.10.1 In accordance with the provisions of Section 7 of Chapter V of the Establishments Code of the Democratic Socialist Republic of Sri Lanka prior to 01 April 2009 and in accordance with the procedural rules published in the Extraordinary Gazette of the Democratic Socialist Republic of Sri Lanka No. 1589/30 dated 20 February 2009 by the Public Service Commission of the Democratic Socialist Republic of Sri Lanka, which came into force from 02 April 2009, as set out in Sections 170, 171 and 172 of Chapter XV thereof, the new procedural rules published in the Extraordinary Gazette of the Democratic Socialist Republic of Sri Lanka No. 2310/29 dated 14 December 2022, which came into force from 01 January 2023, as set out in sections 211, 212, 213 and 214 of Chapter XV, an officer who does not report for duty without informing the Head of the Institution shall be deemed to have abandoned his post. Accordingly, as per the new procedural rules No. 214, it shall be the responsibility of the appointing authority of the officer or the Head of the Department or the Head of the Provincial/District/Regional Office of that Department or the Head of the Institution, as the case may be, to send a notice of abandonment of the post to the relevant officer immediately by registered post in accordance with Schedule 14. When such notice is sent by an authority other than the appointing authority, copies thereof shall be forwarded to the appointing authority and other relevant authorities.

5.10.2 It is the responsibility of the Head of the Institution to immediately notify medical officers who failed to report duty for going abroad to pursue postgraduate courses,

going abroad for foreign employment and going abroad for other reasons by registered mail, considering them as having left the position.

- 5.10.3 The amount of money owed to the government by the medical officers who have violated the agreements should be identified, calculated and sent to them to repay the money to the government. If the money cannot be recovered even after doing so, the matter should be referred to the Ministry's Legal Division and legal action should be taken to recover the money owed to the government. When a medical officer leaves the service, the Ministry should formulate a formal procedure to inquire from the hospitals and institutions where he worked until then and ascertain whether the medical officer has any money owed to the government and any assets that have not been returned to the government.
- 5.10.4 In accordance with paragraph 02 of the letter dated 12 October 2017 (**Annexure 14**) of the Secretary of Health, No. CA/AQ/01/2016/24 addressed to the Additional Secretary (Medical Services), the Ministry was requested to take action in accordance with the following suggestions proposed by the Ministry's Legal Division and the Government Audit Division in order to minimize the risk of an increase in the amount to be recovered from officers who have breached contractual bonds, and if it is not possible to do so, to provide reasons for it.
- (a) Maintaining the existing data system related to medical officers in a systematic and up-to-date manner.
 - (b) Medical officers who leave the country on no pay foreign leave will also be subject to a bond.
 - (c) Regularizing the terms of the guarantee agreements for the recovery of the enormous expenditure incurred by the government for the medical training of a doctor, in accordance with the agreements entered into.
 - (d) Including strict contractual terms in the contract that would undermine the ability to leave the service.
 - (e) Providing the names of medical officers who violate the terms of the agreement to the Department of Immigration and Emigration and banning their foreign passports.
 - (f) Providing details of medical officers who violate the terms of the agreement to the Credit Information Bureau of Sri Lanka.
- 5.10.5 To prevent medical officers who are approved for paid and unpaid leave from leaving the service and to streamline the collection of bonds and fines the Additional Secretary (Medical Services) had directed the Secretary to implement the internal note No. Add/sec(MS)/02/2024 dated 12 July 2024, or to give reasons if it is not

possible to implement it with reference to the information call letter No. MED/B/MH/02/INFO/2024/01 dated 09 July 2024 sent to the Additional Secretary (Medical Services) with a copy for audit.

- 5.10.6 In accordance with the provisions of Section 7.4 of Chapter V of the Establishments Code of the Democratic Socialist Republic of Sri Lanka prior to 01 April 2009, and in accordance with the procedural rules published in the Extraordinary Gazette of the Democratic Socialist Republic of Sri Lanka No. 1589/30 dated 20 February 2009 by the Public Service Commission of the Democratic Socialist Republic of Sri Lanka, which came into force from 02 April 2009, as set out in Section 174 of Chapter XV thereof, and in accordance with the new procedural rules published in the Extraordinary Gazette of the Democratic Socialist Republic of Sri Lanka No. 2310/29 dated 14 December 2022, which came into force from 01 January 2023, as set out in Section 216 of Chapter XV thereof, if an appeal is submitted for reinstatement within 03 months from the date of issuance of the notice of resignation, stating the reasons for not reporting for duty, it shall be considered.
- 5.10.7 This audit process is being conducted to ensure that the amount due to the government from the medical officers who have left their posts has not been properly collected, to cover the administrative weaknesses in the process of approving paid and unpaid leave for medical officers, and in addition to covering the administrative weaknesses in the employment of officers of the Sri Lanka Medical Service identified by the audit.
- 5.10.8 As medical officers with postgraduate qualifications in medical administration were not given priority, all medical officers and dental officers with any postgraduate qualification were given equal opportunity to be appointed to deputy administrative posts, accordingly, as per the information submitted for audit, as at 15 April 2021, 79 medical officers who had acquired expertise in disease prevention and patient care services had been appointed to administrative posts in the Ministry. It was also confirmed that since the possibility of appointment to senior medical administration posts is only for officers with medical administration and community medicine expertise who have completed 03 years in the Deputy Medical Administration Grade, and since medical officers who have entered the Deputy Medical Administration Service with other postgraduate specializations had to serve in the same position until retirement, officers who had obtained specialization in medical administration and were hoping to enter the Deputy Medical Administration Grade had lost the opportunity to obtain those posts. It was confirmed that as at 25 November 2021, 110 officers with medical administration expertise were awaiting appointments and those officers had not been absorbed into the Medical Administration Service. Out of 250 medical officers who had obtained specialization in approved community medicine, 160 have become vacant.

- 5.11 The details of the bond money due to the government from the medical officers who breached their agreements by taking paid leave in accordance with the above 5.5.1 and the personal files of the medical officers who left the service by taking unpaid leave in accordance with the above 5.5.2, 5.5.3 and 5.5.4 are given below.
- 5.11.1 The two affidavits submitted by the two guarantors who signed the bond for the paid foreign study leave from 06 September 2017 to 05 September 2019 for Medical Officer No. 25703, who had left the service with effect from 09th April 2023, had included the name and identity card number of the borrower as their names and identity card number.
- 5.11.2 Medical Officer No. 14070 was approved for a period of 3 months unpaid leave from 01 August 2005 and although he had informed the Ministry on 22 November 2005 that he did not report for duty at the end of the leave, the letter of resignation was issued on 20 August 2016. During this period, he had joined the United Nations and served for 11 years and despite working without any formal approval and formal contract, he was reinstated in the service, considering that period as unpaid leave.
- 5.11.3 The details of the documents mentioned above in the personal files are given below.

Personal Files Number	Documents not in the File
32027	Letter of resignation issued
19457	Paid overseas leave approval letters from 21 October 2015 to 20 October 2017
186	The basis for calculating agreements and fines related to foreign holidays
17978	The basis and agreement for the approval of unpaid personal overseas leave from 11 June 2018 to 10 December 2018
27234	Information regarding his attachment, reporting to duty or cancellation of the order to leave service until 10 October 2024
20408	Leave approval letter, agreement entered into for the officer who has gone abroad from 31 May 2019 to 30 November 2019

- 5.11.4 A notice of resignation had been issued on 10 November 2022 stating that Medical Officer No. 29109 had left the service with effect from 20 July 2022 due to his going abroad without formal approval. Although, Medical Officer had reported to the Service before the relevant letter of resignation was received by the hospital, the

notice of resignation issued had not been cancelled. In addition to that, though a formal disciplinary investigation had been initiated against the officer, the decision had not been received in the officer's personal file until 01 October 2024.

- 5.11.5 According to the computer database maintained by the Director Administration of Medical Services Division, 4 medical officers who were in service and had submitted letters of resignation from service had been identified as medical officers who had left the service. Details are given below.

Personal Files Number	Description
13777	He had been suspended from duty and was informed by letter dated 05 April 2024 that he would be reinstated subject to disciplinary action based on the disciplinary investigation conducted. The letter had not been received as of 25 September 2024 by the Director Administration Medical Services Division II which maintains his personal file.
36897	A request for resignation had been made. However, it had not been approved as of 01 October 2024.
39574	There was no evidence in the file that he was engaged in official service.
30345	According to the personal file, 41 days of paid leave had been approved from 26 April 2022. However, there was no notice of termination in the file.

- 5.11.6 Medical Officer No.19680, who had left the service on 10 July 2017, had applied for unpaid leave for 06 months from 10 July 2016 to 10 January 2017 to visit his wife on 22 June 2016 and the Minister's approval had been received on 07 July 2016. Although, an agreement had been signed in this regard, on 21 December 2016, the Director Administration Medical Services II had approved the unpaid leave as paid foreign leave in accordance with Section 21.4 of Chapter XII of the Establishments Code. Although leave can be granted for treatment for an illness in accordance with this section, the approval of this leave was contrary to that section. Similarly, as per Section 8.8 of Chapter XII of the Establishments Code, an officer who has not completed 03 months of service in a year is entitled to a pro-rata leave of 1/3 of the annual leave for each month he has served for that year. Despite this, he had taken 02 years of paid study leave and reported back to work on 02 May 2016, and it was observed that he could not be approved for the said period of paid foreign leave as per Section 23.3 of Chapter XII of the Establishments Code, and this had also been confirmed by the Public Service Commission. Although, the

Public Service Commission had informed that steps should be taken to rectify the paid leave granted as it was contrary to the Establishments Code, it had not been rectified till 14 August 2024. Further, the requests had been made to extend the relevant overseas leave by another 06 months, approval had not been received and the letter of resignation was issued from 10 July 2017.

- 5.11.7 The spouse of a public servant who is going abroad for higher education on a foreign scholarship has also been given the opportunity to go abroad with the relevant officer and that period should be considered as a period of unpaid leave. Further, clarification on this circular has been sought from the Director General of the Ministry of Public Administration and Disaster Management through the letter No. ECL/PF/22145 of the Secretary to the Ministry of Health and it has been informed that an officer who has a compulsory service period cannot be granted unpaid leave to live with his spouse who is going abroad on a foreign scholarship as per the aforementioned circular mentioned in the above paragraph No.5.5.1.12. However, contrary to this, unpaid leave had been approved for officers who had been granted paid academic leave on 02 occasions. Details are given below.

Personal File Number	Paid Academic Leave Period	Unpaid Overseas Leave Period to Spend with Spouse going on Study Leave	Amount to be paid Rs.
25491	From 28 April 2020 to 27 April 2022	From 28 April 2022 to 02 August 2022	11,031,174
23721	From 30 April 2017 to 31 May 2018	From 14 November 2019 to 14 May 2020	7,955,904

- 5.11.8 The bond amount relating to the paid study leave period from 06 May 2017 to 11 April 2019 from Medical Officer No. 26517, who had left the service on 26 June 2019, had been calculated on two occasions and the difference between the two values amounting to Rs. 194,334 had been stated as an amount to be recovered further.
- 5.11.9 The Attorney General's Department had informed on 16 January 2024 that the file would be closed due to the failure to submit the requested information for the prosecution of Medical Officer No. 21845, who left the service on 10 December 2015, to recover the fine of Rs. 1,095,705, and no reply to that letter had been sent until 15 August 2024.
- 5.11.10 A new file was prepared for the missing personal file of Medical Officer No. 21432, who left the service on 11 June 2021. Since there are no contractual bonds as per this new file, his complete service records should be obtained and the file should be prepared.

- 5.11.11 The fine of Rs. 229,960 of the Medical Officer No. 19696, who had left the service since 08 February 2016, had been paid to the Eastern Provincial Council and there was no information in the file that the said amount had been returned to the Ministry.
- 5.11.12 Medical Officer No. 22201, who had left the service on 04 December 2023, had not served even half of the compulsory service period related to the paid foreign study leave from 16 August 2016 to 31 October 2018, and that compulsory service period could not be reduced. However, when approving the unpaid foreign employment leave for the second time from 04 February 2020 to 03 December 2023, the compulsory service period of 15 months served after the first leave was reduced when calculating the fine related to the new agreement. Due to this, the penalty amount was calculated less by Rs. 368,719.
- 5.11.13 Medical Officer No. 26671, who had left the service from 01 April 2023, was supposed to serve for a period of 44 months after the unpaid foreign employment leave from 01 November 2015 to 31 October 2017. However, he had again taken paid study leave after serving for about 34 months. No action had been taken up to 15 August 2024 to calculate and recover the fine for the remaining period of service.
- 5.11.14 The personal files of the following medical officers had not been updated.

**Personal
Files
Number**

The Last Letter in the Personal File

32190	Letter from the Matale Regional Health Services Director regarding absence from work after 13 May 2019
15706	Appointment letter dated 19 January 2001
18780	Letter sent to Pottuvil Hospital on 29 April 2024 inquiring about his employment
30347	There is no information after recruitment regarding the 2005/2006 batch
20551	Reinstatement letter dated 12 September 2024
41834	Letter attached to the Mannar District General Hospital with effect from 25 April 2023

- 5.11.15 Although, the paid study leave approved for Medical Officer No. 19355, who had left the service with effect from 18 January 2020, was later revised, a new

agreement and bond had not been signed in relation to the new paid study leave from 19 May 2018 to 18 January 2020.

- 5.11.16 Although, Medical Officer No. 21340 had been approved for a 5-year overseas employment leave from 01 November 2016, he was considered to have left the service from 01 November 2016 due to his failure to sign the agreement in a formal manner. However, since the hospital was informed that it did not have information on the date of the officer's last service, it was not confirmed during the audit that he had not been paid salaries for a period in which he had not actually served.
- 5.11.17 Following an appeal by the Medical Officer No. 17900 who had left the service since 01 April 2012, he was reinstated in service by the Public Service Commission letter dated 11 February 2015 and this was informed to the Medical Officer by the Ministry's undated letter dated July 2015. No reply to this letter had been received from the Colombo South Teaching Hospital to which he was attached until 15 August 2024. While he had not reported to the service of that hospital, the relevant letter for his reinstatement had not been cancelled and the notice of his leaving the service had not been issued until 15 August 2024.
- 5.11.18 During the unpaid foreign employment leave approved for Medical Officer No. 26405 from 05 May 2015 to 04 May 2020, the Medical Officer had requested to resign from service from 23 November 2018 without reporting back to work, but no approval was given for this, and a notice was issued stating that he had left the service from that date, and the fine of Rs. 1,095,705 specified in the agreement had been reduced to Rs. 777,295.
- 5.11.19 The method of calculating the fine for the unpaid foreign employment leave of Medical Officer No. 17210 from 03 July 2017 to 02 June 2022 was incorrect. Since 59 months of leave had been approved, the fine should have been Rs.1,950,786, it was calculated as Rs . 1,287,897.
- 5.11.20 During the sample audit, it was observed that the personal files submitted for audit, which had been submitted several years after leaving the service, did not include documents such as the medical officer's agreement, oath or affirmation, examination report, and statement of assets and liabilities. Some such cases are listed below.

Personal Files Number	Date of leaving Service	Appointment Date
22792	18 June 2011	23 October 2007
24452	28 March 2010	14 November 2009

24815	01 August 2011	07 July 2009
24804	05 February 2011	07 July 2009
19893	01 January 2018	-

- 5.11.21 The letter of resignation of the Medical Officer No. 13156 was issued on 15 January 2009 and he had submitted an appeal on 25 January 2009. However, as per the approval received in the Cabinet Paper No. AMAP/09/1285/311/063 dated 31 July 2009, his resignation was cancelled and his reinstatement was granted. However, this was not communicated to the officer until 15 October 2024 and the order of resignation was not re-enforced.
- 5.11.22 Before the Medical Officer No. 12457 completed the unpaid foreign study leave from 01 August 2016 to 01 August 2017 and reported back to work, unpaid foreign employment leave had been approved from 02 August 2017 to 02 August 2020. The agreement relating to the unpaid foreign study leave from 01 August 2016 to 01 August 2017 had been signed in relation to an unpaid foreign employment leave. The fine amount to be collected from the officer had not been calculated and notified to the officer by 15 October 2024. Although the officer had requested the Secretary to the Ministry on 27 December 2021 for a report with recommendations of the Ministry for the appeal submitted on 22 July 2021, the reply had not been sent to the Public Service Commission by 15 October 2024.
- 5.11.23 In calculating the bond amount for the paid study leave abroad from 04 February 2004 to 03 February 2006 approved to the Medical Officer No. 14905, expenses such as air ticket fare, living allowance, visa fees etc. had not been added to the bond amount. However, it was confirmed from the personal file of the officer submitted for audit that these expenses had been incurred. In recovering the bond amount, only the amount mentioned in the bond had been recovered without verifying the information regarding the actual expenditure.
- 5.11.24 Medical Officer No. 1301, who had been appointed as a Primary Grade Medical Officer from 21 October 2021, had been attached to the Kattankudy Base Hospital on 23 October 2021. He had been attached to the Colombo National Hospital for training from 03 November 2021 to 02 May 2022 and since he did not report back to the Kattankudy Base Hospital, the hospital had informed on 19 May 2022 to treat him as having left the service. Although, inquiries had been made to the Colombo National Hospital regarding this on 08 July 2022, no reply had been received until 01 November 2024, no action had been taken to inquire into the matter and no notice of leaving the service had been issued. However, he was listed as having left the service in the database of the Director Medical Services Division.

- 5.11.25 Although, a period of 4 years of service was required to be completed for approval of leave outside the island in terms of Section 23.4 of Chapter XII of the Establishments Code of the Republic of Sri Lanka, Medical Officer No.17868, who had been appointed as an Intern on 21 January 2002, had been approved for paid foreign leave to visit his wife from 15 May 2005 to 28 May 2005. Although, there was no legal provision for the said leave, it had been extended as unpaid foreign leave on 2 occasions from 28 May 2005 to 14 December 2006. Further, while he was abroad, on 18 October 2006, he had been promoted to Grade II from 21 January 2005. Although, he had informed the Ministry that he would be engaged in foreign employment from 22 August 2005 to 30 November 2005, no notice of termination had been issued to him who had taken foreign employment leave without approval. Although, a person who had gone abroad on paid foreign leave should have made a request after his return to the island to be approved for unpaid foreign leave again, he had been approved for unpaid foreign leave from 28 May 2005 to 14 December 2006 without any agreement while he was abroad on paid foreign leave from 15 May 2005 to 28 May 2005 to meet his wife. The date of his resignation letter, which had been issued to him with effect from 15 December 2006, was stated as 27 February 2002.
- 5.11.26 In granting leave for unpaid foreign employment, as per Section 16:15(i) of Chapter XII of the Establishments Code, the compulsory service period can be calculated only for the years in which unpaid leave was not taken. Although, such reduction should be given only on one occasion, while calculating the compulsory service period for unpaid leave taken by Medical Officer No. 12922 on 02 occasions from 23 July 2012 to 22 August 2015 and from 12 September 2016 to 11 August 2018, her service period was reduced and the compulsory service period was calculated.
- 5.11.27 According to the letter sent by the Kandy National Hospital to the Deputy Director General, Medical Services 1 on 11 February 2008 regarding the paid study leave of Medical Officer No. 11927 from 11 March 2003 to 10 March 2005, the salary paid to him from March to August 2003 was Rs. 145,279. Although, the amount due had been calculated accordingly, it had not been confirmed whether the Ministry had paid the salary during this training period.
- 5.11.28 While granting unpaid foreign leave to Medical Officer No. 16362 from 01 January 2016 to 30 June 2016, the remaining compulsory service period related to the paid academic leave from 23 December 2010 to 22 December 2012 had not been taken into account. Although, this unpaid leave had been granted for participation in a training, there was no letter in the file confirming the relevant training issued by the relevant training institution.
- 5.11.29 The Director of the Peradeniya Teaching Hospital had informed the Director General of Health Services on 17 July 2016 to issue a notice of resignation for Medical Officer No. 22168, who had not reported to work without having obtained formal leave approval from 17 June 2016. Although, a notice of resignation was

issued by the letter dated 29 August 2016 accordingly, considering him to have resigned from the service from 17 June 2016, he was paid Rs.135,449 as salary for the month of June 2016. Although, the salary paid in respect of the period from 17 June 2016 to 30 June 2016 should have been recovered from him, evidence that action was taken accordingly was not submitted to the audit. Further, although the Investigation Division was informed on 02 July 2024 to conduct an investigation into the written representation submitted to the Health Secretary by a medical officer serving at the Kurunduwatte Regional Hospital on 22 May 2024 by the Directorate General of Health Services, requesting a full investigation into several serious irregularities allegedly committed by this officer, the relevant investigation had not been completed by November 28, 2024.

5.11.30 The personal files of the Obstetrics and Gynecology Specialist Medical Officer No. 16198 are shown below .

- (a) This medical officer had not obtained formal approval for 29 days of official leave taken during her service at the Kahawatta Base Hospital from 06 September 2010 to 06 June 2011.
- (b) The hospital had informed on 06 March 2012 that the medical officer had reported to the Kahawatta Base Hospital on 13 February 2012 and that the medical officer had not reported to the service since 02 March 2012. However, the Director of Health Services, Ratnapura, had informed the Director General of Health Services on 12 June 2012 that this medical officer had reported to the Kahawatta Base Hospital on 16 February 2012 and that she would continue to be employed until 12 June 2012.
- (c) The Medical Officer had requested vacational leave earned to continue working at Lanka Hospital. Accordingly, this Medical Officer had been granted leave for a period of 3 months from 05 October 2012 to 04 January 2013 and a letter had been sent on 15 November 2012 requesting that the leave be extended to 6 months. Although, the Secretary to the Ministry of Health had granted approval for this, considering it as a service requirement, there was no legal provision for it in the Establishments Code.
- (d) This medical officer had reported to Kahawatta Base Hospital on 05 April 2013 after completing the leave and had requested 06 days of casual leave up to 15 April 2013 and had not reported to Kahawatta Base Hospital on that day even though she was supposed to report to work on 16 April 2013. On 01 April 2013, this medical officer had requested the Secretary to the Ministry of Health to serve for 03 years attached to Lanka Hospital and a letter giving formal approval for the same was not available in her personal file.

- (e) Although, on 07 July 2013, the subject clerk had suggested to issue a letter of resignation to the medical officer and had informed that it was appropriate to recover the bond amount as the medical officer had not reported for duty, the minutes of the medical officer's personal file stated that the Secretary to the Ministry of Health had signed a letter on 07 August 2013 stating that the order to leave the service should not be issued and that special leave for 3 years would be granted. Further, according to Section 142 of Chapter XII of the Code of Procedure published in the Extraordinary Gazette of the Democratic Socialist Republic of Sri Lanka dated 20 February 2009, only the appointing authority has the power to release an officer to a position in a company in which the government holds more than 50 percent of the shares and control. The minute sheets indicate that the subject clerks and officers have inquired about this from time to time. No formal approval had been given for this or a letter had been issued stating the basis for granting this leave.

- (f) The Director General of Health Services had issued a letter of resignation with effect from 04 April 2013 to this medical officer on 29 February 2016, without reporting to work and without leave approval, with a delay of 03 years. Against that, this medical officer had submitted an appeal to the Public Service Commission on 03 June 2016 and a report in this regard had been submitted to the Public Service Commission by the Secretary to the Ministry of Health on 08 November 2016. A letter had been sent to her on 09 June 2013 and again on 05 January 2016, asking her to report to work immediately. Accordingly, it was reported to the Ministry of Health on 13 January 2016, and that she was temporarily attached to the Dickoya Base Hospital from 28 January 2016 until a designated hospital was assigned from a successor list, and that she did not report to work at that hospital. It was also stated that the salary increment for the period of absence may be suspended and that period may be considered as unpaid leave and reinstated. The Secretary to the Ministry of Health had given this recommendation regarding this medical officer who had taken up to 6 months of vacation leave earned in violation of the rules of the Establishments Code, had taken leave for 3 years without formal approval, and had not reported to the work place to which she was temporarily attached .

- (g) The Public Service Commission had, by letter dated 28 December 2016, after considering the observations and recommendations of the Secretary to the Ministry of Health, directed the reinstatement of the said Medical Officer. Accordingly, an undated letter of May 2017 was on file for the reinstatement of the said Medical Officer and for her attachment to the Pottuvil Base Hospital. In this regard, the Medical Officer had filed an appeal with the Administrative Appeals Tribunal on 14 March 2023 and, according to the order received, the order to leave the service of the medical officer was cancelled, she was assigned to a government hospital in the Western Province

with vacancies, and the entire period of absence from service until the date of her return to work, excluding the period from 05 October 2012 to 04 April 2013 when she was working at Lanka Hospital, was considered as unpaid leave. Accordingly, by letter dated 03 April 2024, this medical officer was attached as a Resident Gynecologist and Obstetrician at the Colombo South Teaching Hospital, which had no vacancy.

6. Observations

- 6.1 Despite entering into agreements as per the Appendix mentioned in 5.6 above, due to the Ministry not taking adequate measures to promptly recover the bond money and fines due under the agreements from the medical officers who breached the said agreements, Rs. 1,156,562,119 had to be recovered from 705 medical officers as at 31 October 2024 as follows .

Serial number	Description	Number of Medical Officers	Uncollected Bonds and Fines Rs.	Attachment Number
01	Medical officers who went abroad on paid study leave	204	695, 225,209	15
02	Medical officers who have taken no pay leave	480	444,288,268	16
03	Medical officers who have taken both paid and no pay leave	08	6,253,941	17
04	Medical officers who have taken no pay leave to accompany their spouses on paid study leave abroad	13	10,794,701	18
Total		705	1,156,562,119	

- 6.2 It was observed from the information received by the audit that 116 medical officers who had left the service under various sources and had not submitted their personal files for the audit up to 28 November 2024 were liable to collect bonds/fines of Rs. 119,404,239. Details are given in **Annexure No. 19**. While the sample of medical officers who left the service relevant to this special audit was being selected, information was received by the audit regarding 33 more medical officers who left the service up to 29 November 2024 and the bonds and fines to be collected from those medical officers had not been calculated and action had not been taken to collect them promptly. Details are given in **Annexure No. 20**.

- 6.3 It was observed that Rs. 1,041,215 is to be recovered as salaries and allowances paid in excess and the balance of loans and advances outstanding to 05 medical officers who had left the service but did not have contractual bonds with the government. Details are given in **Annexure No. 21**.
- 6.4 Due to the Ministry not maintaining an adequate database on medical officers with contractual bonds in accordance with paragraph 5.10.4 above, it was not possible to obtain complete data on medical officers who had breached contractual bonds during this special audit. In this situation, it was observed during the audit that there may be medical officers who have breached contractual bonds and have not recovered the money due to the government, who are not mentioned in this report. According to the answers given by the Secretary to the Ministry, although the information had been updated since the year 2022, the audit observed that a formal database had not been prepared even at the time of preparing this special audit report. Accordingly, the need to identify that information and recover the money due to the government was observed during this audit.
- 6.5 It was observed that, in accordance with the above paragraph 5.10.3, the Ministry had not developed a formal procedure to check whether there were any assets that were not handed over after inquiring about the monies due from medical officers who were on vacated posts and the hospitals and institutions where they worked.
- 6.6 It was also observed during the audit that, contrary to the provisions of paragraph 5.1.1 above, parties who have not formally delegated authority to medical officers attached to Provincial Council Hospitals and other Provincial Council Health Institutions may face legal obstacles in approving foreign leave, entering into agreements and implementing those agreements. Information on 10 such cases revealed during the audit is shown in **Annexure No. 22**.
- 6.7 In accordance with paragraph 5.1.2 above, it was observed during the audit that at present, it has become problematic to recruit all medical officers who have completed their medical degrees from local and foreign universities into the public service. It was observed that it is necessary to study whether it is possible to further increase the number of medical officers approved in the current economic situation in the country and accordingly, if it is not possible to absorb all the medical graduates who will be born in the future into the public service, the need to inform the public about the situation and to open up foreign employment opportunities for the graduates who will be born was observed.
- 6.8.1 In accordance with the above paragraph 5.2.2.3, the information submitted for audit by the Tertiary Care Division regarding the Specialist Medical Officers approved and deployed for the entire health service, it was found that although the number of Specialist Medical Officers approved in relation to 58 specialist fields as per the approval of the Cabinet of Ministers is 2,837, the same number is 2,740 in relation to 50 specialist fields, no Medical Officer has been appointed for 66 approved posts

in relation to 08 specialist medical fields, and that there is a shortage of 972 Specialist Medical Officers in relation to 35 specialist fields as of November 2023, compared to the number of posts approved by the Cabinet of Ministers, and there is a surplus of 113 Specialist Medical Officers in relation to 12 specialist fields. It was observed that 141 specialist medical officers have been deployed in 12 specialist fields that were not identified at the time of obtaining Cabinet approval and for which formal approval was not obtained later to deploy specialist medical officers in those specialist fields.

- 6.8.2 According to the staff information as on 30 June 2023 submitted for audit by the Planning Division of the Ministry, the number of approved Specialist Medical Officers in Central Government Hospitals and other Health Institutions was 2,018 and the actual number was 1,915. According to the information submitted by the Planning Division, there was a shortage of 226 Specialist Medical Officers in 50 hospitals/institutions as on 30 June 2023. Thus, while there was a shortage of 226 Specialist Medical Officers, there was a surplus of 123 Specialist Medical Officers in 23 hospitals/institutions. According to the Cabinet Memorandum, when requesting approval to increase the number of specialist medical officers from 971 approved on that date to 2,837 by the year 2015, the number of these specialist medical officers was prepared according to the fields of expertise and hospitals and included in the Cabinet Memorandum as an annexure. However, it was observed that the Ministry considered this number of 2,837 specialist medical officers as a generally approved number and deployed them without regard to the field of expertise.
- 6.9.1 Due to the Director (Medical Services) not submitting information to the audit in accordance with paragraphs 5.2.2.3, 5.4.3 and 5.9 above, it was not possible to verify whether the medical officers obtaining postgraduate qualifications were employed in a manner appropriate to the relevant field of expertise.
- 6.9.2 In accordance with the aforementioned paragraph 5.10.8, the money spent by the government to provide medical officers with expertise in disease prevention and patient care services had become a wasteful expenditure, and those medical officers had been appointed to administrative positions when there was a shortage of specialist medical officers to maintain preventive and curative services in the relevant sectors where they had acquired expertise. Furthermore, it was not disclosed that 110 medical officers who had acquired expertise in medical administration had not been absorbed into the medical administration service, and whether these medical officers had been deployed in posts related to disease prevention and patient care services or whether they were being paid salaries and allowances without being appointed to any post. While there was a vacancy of 160 officers who had acquired expertise in community medicine, 80 medical officers who had acquired expertise in medical administration had been appointed to medical administration posts.

- 6.10 In relation to the matters mentioned in paragraph 5.5 above, the penalty amount due to the medical officers who left the service and the total actual expenditure incurred in connection with the study/training as per paragraph 5.5.1.10 should be calculated and if that amount and any fine is collected, the amount due to the government along with that fine should be promptly notified to the officer and action should be taken to collect it. However, as observed during the sample audit, in a number of cases, action had not been taken to calculate the bond amount based on the actual expenditure. 206 such cases were observed in August, September, October and November 2024. Details are given in **Annexure No. 23**.
- 6.11 Although, paid study leave in terms of paragraph 5.5.1 above and unpaid leave in terms of paragraphs 5.5.2, 5.5.3 and 5.5.4 above had been approved, no steps had been taken to conclude agreements or to prescribe a mandatory period of service in terms of paragraph 5.7.1 and due to administrative weaknesses of the Ministry, an agreement had been reached in terms of the appendix in 5.6 above for medical officers going abroad. Since there were no such cases, there were obstacles in taking legal action to recover the money owed to the government from them even though they had gone abroad and not returned to the island. Details are given below .

Persona I File Number	Duration of the Leave	Type of Leave	Description
8655	From 09 June 2020 to 08 June 2021	No Pay leave	There had been no arrangements to establish a contract or prescribe a mandatory service period.
15758	From 16 June 2020 to 19 January 2023	No Pay leave for Foreign employment	There is no leave approval letter and agreement.
11029	From 15 May 2004 to 15 September 2009	No Pay leave	The mandatory service period has not been extended when extending the vacation.

- 6.12 In the event of an officer leaving the service/resigning, if the medical officer had taken paid study leave as per the above paragraph 5.5.1, the relevant bond amount and if the medical officer had taken unpaid foreign employment or study leave as per the above paragraphs 5.5.2, 5.5.3 and 5.5.4, the relevant penalty amount should be recovered. However, when calculating and recovering the amount due to the government from 3 medical officers, they had not been notified to pay the amount due in two cases. As a result, the revenue lost to the government was Rs. 2,547,920 and it was observed that even as at 15 August 2024, those values had not been calculated. Details are given below.

Personal File Number	Duration of Leave	Type of Leave	Amount Rs.	Whether the recovery/payment has been notified.
21918	From 03 October 2011 to 02 October 2012	Paid academic leave	1,017,093	Not referred to the legal department
14746	From 05 July 2011 to 04 July 2013	-Do-	1,530,827	The medical officer has not been informed.
252	From 02 March 2012 to 01 March 2014	-Do-	It had not yet been calculated as at 15 August 2024.	The medical officer has not been informed.

- 6.13 Out of the medical officers who had gone abroad for the required overseas training to obtain the board certificate for postgraduate degrees on full paid leave in terms of paragraph 5.5.1 above, there were 71 medical officers who had not completed the relevant training and reported back to duty. When the Postgraduate Institute of Medicine checked whether they had completed their postgraduate degrees, it was confirmed that 68 medical officers had not completed their postgraduate degrees and thus the entire expenditure incurred by the government for the postgraduate degrees of these medical officers had been wasted. Details are given in **Annexure No. 24**. Further, the Ministry had not taken steps to inform the Postgraduate Institute of Medicine regarding the resignation of 12 medical officers examined from the service. Details are given in **Annexure No. 25**.
- 6.14 Although, a record was provided in accordance with paragraph 5.5.1.5 above, it was observed that the Ministry had not maintained a formal record of the amount of money due and payable to the government when medical officers took paid study leave and the guarantors who signed for the bonds. In this situation, it was observed that in the case of officers who signed as guarantors for the bonds, no agreement was made with a new guarantor in respect of the bonds signed by them when the leave was approved at a later date. It was observed during the audit that when the guarantors who took such leave also left the service, situations may arise where there are no guarantors for the bond amount. Information on 12 such cases revealed during the sample audit is shown in **Annexure No. 26**.
- 6.15.1 Despite the notification in accordance with paragraph 5.9.6 above, 98 files were not submitted for audit up to 28 November 2024. Details are given in **Annexure No. 27**

- 6.15.2 It was observed that out of the 132 personal files of the guarantors examined, 04 medical officers had retired and 02 medical officers had been permanently released from service for other posts . Details are given below.

Personal File Number	Duration of Leave	Guarantor's ID number	Other Matters
26625	From 24 April 2019 to 23 April 2021	606240384V	Retired from 03 May 2020
24582	From 26 September 2017 to 25 September 2019	757310074V	Got retired on 15 September 2024.
15758	From 11 November 2016 to 10 November 2018	768360332V	He had been released from service for a lecturer position at the University of Jayewardenepura.
19781	From 19 December 2015 to 18 December 2017	612181829V	Got retired on 05 August 2024.
20981	From 24 September 2014 to 23 September 2016	838183433V	Resigned with effect from 01 April 2021
2947	From 24 June 2021 to 23 June 2023	19835700237 5	Released from service for a State University Lecturer position from 14 November 2020

- 6.15.3 It was also observed that 12 medical officers who had entered into contracts as guarantors had gone abroad on paid study leave and unpaid foreign employment leave. Details are given in **Annexure No. 28.**

- 6.16 When medical officers who were on paid foreign study leave in accordance with the above paragraph 5.5.1.10 left the service without completing their mandatory service period, only the bond amount was recovered and no fine was levied. Further, the salaries and allowances paid during the local training period for completing the relevant postgraduate degree, the reimbursed course fees and examination fees had

not been taken into account in calculating the bond amount. In only a few cases was it stated that a fine should be collected and paid in addition to the amount shown on the bond and the information on 05 such cases observed during the sample audit is shown in **Annexure No. 29** and it was observed that the bond and fine calculated for 04 cases, Rs. 53,161,653 had not been paid up to 15 November 2024.

- 6.17 In the submission of information for recalculation of the bond amount in accordance with the above paragraph 5.5.1.10, it was observed that the Ministry's Accounts Division submitted incorrect information. While payments such as living allowance, visa fees, book/computer allowance, air ticket fees, medical surcharges, GMC registration fees were made on behalf of the Medical Officer, the Accounts Division incorrectly reported that such payments had not been made. Details of 3 such cases are given below.

Personal file Number and National Identity Card Number	Duration of Leave	The Date on which the Accounts Department had informed that the relevant payments had not been made	Amount understated based on incorrect information Rs.
(23721) (810023465 V)	From 30 April 2017 to 31 May 2018 From 14 November 2019 to 14 May 2020	26 May 2022	5,342,445
(18981) (755512044 v)	From 06 August 2014 to 05 August 2016	08 July 2023	2,878,779
(19506) (731992223V)	From 29 December 2017 to 28 December 2019	31 January 2022	5,886,337

- 6.18 It was observed that although, the medical officers who were granted paid study leave in terms of paragraph 5.5.1.12 above, cannot be granted vocational leave earned or unpaid overseas leave to spend outside the island until 03 years have elapsed from the date of their return to the island and reporting for duty at the end of that leave, the Ministry disregarded this and approved overseas leave for 22 officers for periods ranging from 21 days to 60 months without charging any bond money. Details are given in **Annexure No. 30**.

- 6.19 Although, the payment of salaries and allowances to such medical officers should be stopped during the period of unpaid leave in terms of paragraphs 5.5.2, 5.5.3 and 5.5.4 above and after leaving the service in terms of 5.10, instances were observed during the sample audit examination in which salaries and allowances were paid to such officers by the Ministry. Despite requests to submit information on salaries and allowances paid in this manner, such information was not submitted to the audit until 22 November 2024. Details of several such instances are given below.

Personal Files Number	Period for which salaries were paid	Number of months / Number of days	Overpayment Rs.
20144	From 03 May 2019 to 02 November 2019 From 05 May 2020 to August 2020	06 months 03 months	Information was not submitted for audit
24332	From 24 August 2016 to 31 August 2016	07 days	Information was not submitted for audit.
26930	From 27 October 2019 to 28 November 2019	01 month	Rs.105,969 had not been recovered and the unpaid leave had been extended by two years.
19680	From 10 July 2016 to 10 January 2017	06 months	Information was not submitted for audit.

- 6.20 It was observed during the examination of personal files that the responsible officers had not taken adequate action to recover the money due to the government from the officers who had breached the contractual bonds to be entered into in accordance with paragraph 5.6 above. Although, the 03 divisions in charge of the personal files of the medical officers had informed the Ministry's Legal Division in writing, a period of 08 to 188 months had elapsed by 31 August 2024. 82 cases were observed where the Legal Division had not taken action to recover the said money. Details are given in **Annexure No. 31**.

- 6.21 Although, the agreements and bonds signed by medical officers in approving leave as per the above paragraph 5.6 are legal documents and should be duly checked and completed correctly in a manner that can be used without any problems before the law, it was observed during the sample audit that there are various shortcomings such as the absence of the signatures of the Director General of Health Services and/or the trainee in these agreements and bonds, the date of signing in the

agreements and bonds not being mentioned, and the absence of witnesses to the signatures. 59 such cases are shown in **Annexure No. 32** .

- 6.22 In calculating the compulsory service period in accordance with paragraph 5.7.1.4 above, only the number of years completed up to the date of commencement of his unpaid leave should be taken into account in approving no pay leave. However, contrary to this, in 3 cases, instead of the years completed, the compulsory service period was calculated by rounding to the nearest value instead of the total number of years completed. Details are given below.

Personal file number	Description
12951	The number of years completed at the time of the commencement of the leave was 09 years and 09 months, and the period was calculated as 10 years when calculating the number of months of compulsory service.
10371	The number of years completed at the time of the commencement of the leave was 12 years and 09 months, and when calculating the number of months of compulsory service, the period was calculated as 13 years.
14073	The period of service completed on the date of commencement of leave was 04 years. However, the number of years completed by the subject officer had been calculated as 05 years.

- 6.23 Although, in terms of paragraph 5.7.1.4 above, only the years in which the officer did not take leave without pay should be considered as the completed prior service period in calculating the compulsory service period in relation to leave without pay, it was observed that the Ministry had calculated the service period by taking into account the periods of leave without pay in addition to that when calculating the compulsory service period for medical officers. Details of several such cases observed during the sample audit are given below .

Personal File Number	Duration of Leave	Number of years to be taken into account when calculating compulsory service period	The number of years that had been calculated
-------------------------------------	--------------------------	--	---

22020	From 25 October 2015 to 24 October 2017	08 Years	08 Years
	From 14 January 2019 to 13 January 2022	No reduction allowed.	11 Years
26265	From 08 August 2014 to 07 August 2016	03 Years	03 Years
	From 14 April 2020 Until 14 April 2022	No reduction allowed.	09 Years
20339	From 01 October 2009 to 30 September 2011	There is no mandatory service period.	There is no mandatory service period.
	From 01 September 2014 to 30 April 2019	07 Years	09 Years

- 6.24 Although, as per the above paragraph 5.7.1.6, an officer who is bound by an agreement with the Government for a full-pay study leave cannot be granted unpaid foreign employment leave without completing the prescribed compulsory service period, contrary to this, the Ministry had approved unpaid foreign employment leave before completing the compulsory service period related to the paid study leave. In some cases, unpaid foreign employment leave was approved after recovering the bond amount related to the paid leave and in some cases, unpaid foreign employment leave was approved without recovering the bond amount related to the paid leave. Details of 6 such cases observed during the sample audit are given below.

Personal File Number	Paid Academic leave	Unpaid foreign Employment Leave Period	Bond value Rs.
15758	From 11 November 2016 to 10 November 2018	From 16 June 2020 to 19 January 2023	8,651,043
24602	From 22 July 2016 to 21 July 2018	From 21 December 2019 to 11 July 2021	Not calculated until 15 August 2024
186	From 09 June 2018 to 08 June 2020	From 09 June 2020 to 08 June 2021	8,960,797

- 6.25 In accordance with the above paragraph 5.8.2, the subject officers should maintain the personal files of the medical officers up to date and steps should be taken to correct any incomplete information in the past. However, it was observed during

the sample audit that the personal files of the medical officers were not properly maintained up to date. Although, the main personal file of the medical officers is maintained by the Ministry, it was observed that information on transfers of medical officers, information on temporary attachments, information on vehicle licenses obtained by the doctor during the period of attachment to Provincial Council Hospitals and other Provincial Council Health Institutions and whether the medical officers have obtained permanent registration with the Sri Lanka Medical Council and whether that registration is actively maintained up to date, etc. were not included in the main files.

- 6.26 The relevant schedules prescribed by the procedural rules in accordance with paragraph 5.8.3.1 above had not been properly maintained by the Ministry of Health. Although, these schedules should have been maintained by the Appointing Authority or the person delegated by the Public Service Commission as the Appointing Authority, no formal procedure had been followed by the Public Service Commission or the Ministry of Health. After making inquiries in this regard, the subject clerks who maintain the personal files of the medical officers had been instructed to maintain the relevant schedules at present. However, it was observed that this was not an appropriate procedure and that these schedules in relation to the medical service should be maintained by the Appointing Authority or an officer delegated by the Appointing Authority and that these records should be maintained by one responsible officer in relation to all the officers in relation to the Sri Lanka Medical Service.
- 6.27 Although, the reports of medical officers who left the service should be forwarded to the Public Service Commission every 06 months in accordance with paragraph 5.8.3.2 above, the Ministry had not acted accordingly. Furthermore, in this situation, it was observed that although, the notices of leaving the service of 1,680 medical officers whose personal files were examined during the audit had been included in the personal files, 1,621 medical officers had not been blacklisted.
- 6.28 As per the information submitted to the audit in terms of paragraph 5.9 above, it was observed that a significant portion of the officers working in the Directorate (Medical Services) Division, Directorate Administration (Medical Services) Division I, Directorate Administration (Medical Services) Division II and Directorate (Tertiary Care Services) Division of the Ministry have been employed in those branches for a long time. It was observed that the employment of officers in the same branch for a long time without being transferred in this manner may lead to the officers resorting to various irregularities. The details are given below.

Section	Number of officers employed for more than 05 years
Director (Medical Services) Division	07
Directorate of Administration (Medical Services) Division I	05
Directorate of Administration (Medical Services) Division II	10
Director (Tertiary Care Services) Division	14

6.29 In accordance with paragraph 5.9.3 above, the following deficiencies were observed in the computerized data management system for medical officers maintained by the Director Medical Services Division.

- (a) It was informed to the audit that it was not possible to confirm with certainty whether 65 medical officers who were shown in the data management system as being in service on 12 August 2024 were actually in service on that date.
- (b) The personal file numbers of 9,194 medical officers listed in the database had not been entered and the current place of work and position of 389 medical officers had not been indicated. According to the replies given to the draft report, it was informed that as at 04 March 2025, the number of medical officers whose personal file numbers had not been entered was 1,451 and the number of medical officers whose current place of work and position had not been indicated was 91.
- (c) Although, it was stated that 449 medical officers had taken no pay leave, the date on which these medical officers took no pay leave, the date on which the leave ended, and the basis on which the leave was approved had not been entered into this data system.
- (d) Although, the number of medical officers who could be sent for training as per the above paragraph 5.2.2.4 was 3,500 medical officers as on 21 October 2024, according to the database, 1,320 medical officers had been attached to the Postgraduate Institute of Medicine for training as on that date. However, it was informed to the audit that the accuracy of this number could not be verified.
- (e) It was observed that the information of the medical officers with personal file numbers 37675 to 42977 recruited after 16 June 2019, has not been entered into this data system. According to the replies given to the draft report, it was informed that all such information was entered into the system by 04 March 2025.

- 6.30 It was observed that the Tertiary Care Division does not have up-to-date information regarding medical officers sent for local and foreign training as per paragraph 5.9.4 above. Accordingly, although it is the responsibility of the Ministry to maintain up-to-date information regarding medical officers sent for training by the Ministry, that responsibility had not been fulfilled.
- 6.31 Whether medical officers who were not registered with the Sri Lanka Medical Council as per paragraph 5.9.5 were working under the Ministry without being registered with the Sri Lanka Medical Council was problematic during the course of audit.
- 6.32.1 Although, the audit had requested the submission of personal files of 2,184 medical officers identified as having left the service through various channels from the information call letters in accordance with paragraph 5.9.1 above, 485 of these files (**Annexure No. 33**) had not been submitted for audit as at 28 November 2024. In this regard, written reminders were sent on several occasions and the responsible officers were informed by telephone on several occasions. This matter was also brought to the attention of the Secretary to the Ministry at the Ministry Audit and Management Committee meeting. Accordingly, it could not be left out during the audit that the files that had not been submitted for audit were not available in the relevant branches/had been misplaced or were not being submitted for audit due to some other reason.
- 6.32.2 Although, as per the above paragraph 5.10, medical officers who are on paid educational leave and unpaid educational/employment leave should be issued with immediate notice of termination of service if they do not report back to work at the end of the relevant approved leave, it was observed that 08 cases of such notices of termination of service were not issued to medical officers who had left the service a considerable time ago to even at the time of the audit of November 2024. Details are given in **Annexure No. 34**.
- 6.32.3 In accordance with paragraph 5.10.1 above, 1,600 notices of resignation, which specified the date of resignation and the date of issue of the letter, were subjected to sample audit and out of these, it was observed that there was a delay of more than a month in issuing the notice of resignation to 1,534 medical officers who did not report for duty after the end of the leave approved by the Ministry. It was observed that 292, 201 and 123 medical officers had been issued notices of resignation for periods ranging from 12 to 24 months, 24 to 60 months and more than 60 months respectively. Only 66 medical officers had been issued notices of resignation within a period of one month, which was a percentage of 4.12 per cent. For 113 medical officers, the period had been from 01 to 02 months, for 461 medical officers, the period had been from 02 to 06 months, and the number of cases where the period had been from 06 to 12 months was 344.

- 6.32.4 Although, the notice of leaving service should have been issued in accordance with the above paragraph 5.10.1, contrary to this, various departments of the Ministry, hospitals and other health institutions had issued notices of leaving service in various formats. Although, this situation had been pointed out by audit queries on several occasions, no formal procedure had been followed in this regard.
- 6.33 Due to the weakness of the data system maintained by the Ministry regarding medical officers who have gone abroad in accordance with paragraph 5.10.4 above, the addresses of the medical officers who have violated the agreements cannot be found, and as a result, the bond value due from them is at risk of not being collected. It was observed that although, the Ministry should have taken further steps to find out the relevant information through the Department of Immigration and Emigration or the Embassy, no action had been taken to do so.
- 6.34 It was observed that in the absence of following the instructions given by the Secretary to the Ministry up to the year 2024 in accordance with the above paragraph 5.10.5, there is a growing trend of medical officers going abroad for specialist training or for foreign employment not reporting to work after completing their study or employment leave and leaving the service after a short period of time after reporting to work, and that the amount of outstanding balances due from medical officers leaving the service has increased exponentially.
- 6.35 According to the files examined on 19 occasions in accordance with paragraphs 5.11.1 to 5.11.19, it was observed that proper supervision, care and attention were not given to internal controls in the preparation of the said bond agreements, guarantee agreements, etc. and the following deficiencies had occurred accordingly .
- (a) Failure to complete agreements, bonds, surety statements as required and the information entered is incorrect, e.g. 5.11.1
 - (b) Failure to include complete information regarding resignation letters, resignation cancellations, etc. in the files , e.g. 5.11.3, 5.11.4, 5.11.16, 5.11.17, 5.11.21, 5.11.25, 5.11.29, 5.11.30
 - (c) Failure to update files of medical officers by including details of transfers, training, foreign leave, etc. e.g. 5.11.5, 5.11.14, 5.11.16
 - (d) Delay in disciplinary investigations and related reports e.g. 5.11.4, 5.11.30
 - (e) Granting leave contrary to the provisions of the Establishments Code, e.g. 5.11.6, 5.11.7, 5.11.26, 5.11.27
 - (f) Failure to calculate bond values, fines, etc. according to the correct methodology, e.g. 5.11.8, 5.11.12, 5.11.13, 5.11.19, 5.11.20, 5.11.24

- (g) Failure to submit relevant information to the Attorney General's Department for filing a lawsuit to recover outstanding amounts, e.g. 5.11.9
- (h) Failure to enter into bonds and agreements in a timely and proper manner e.g. 5.11.2, 5.11.10, 5.11.15, 5.11.16
- (i) Failure to implement Cabinet decisions e.g. 5.11.21
- (j) Failure to submit information to the Public Service Commission, e.g. 5.11.22
- (k) Lack of evidence of payment of fines e.g. 5.11.11
- (l) Reduction of fines as per the agreement. e.g. 5.11.18

7. Recommendations

- 7.1 The necessary steps should be taken to recover the bonds, fines, over paid salaries, allowances and loan balances to be recovered amounting to Rs. 1,277,007,573 from the medical officers who breached the agreements as at 31 October 2024. (Reference 6.1,6.2,6.3)
- 7.2 A systematic, up-to-date database system should be created and maintained, containing all data on medical officers, from their appointments to promotions, transfers, training, and overseas travel. (Reference 6.4, 6.29, 6.33)
- 7.3 Internal control systems should be developed to ensure that paid and unpaid leave is granted to medical officers in accordance with Chapters XII and XV of the Establishments Code of the Democratic Socialist Republic of Sri Lanka and as per the circular provisions and disciplinary action should be taken against officers who do not do so. (Reference 6.24)
- 7.4 The internal control system should be strengthened to ensure that the correct information is entered and completed in the agreements and bonds, surety statements, etc. so that legal action can be taken to recover the bonds of officers who violate agreements in a proper manner, and administrative and legal action should be taken to immediately recover the bond values, fines and other arrears of officers who violate agreements from the officers or guarantors. (Reference 6.3, 6.20)
- 7.5 To submit complete and accurate information to the audit in response to letters of request for information required for audit purposes in accordance with Section 42 of the National Audit Act. (Ref. 6.2, 6.15.1)

- 7.6 As per the procedural rules of the Public Service Commission of the Democratic Socialist Republic of Sri Lanka, which came into force on 02 April 2009, and the new procedural rules coming into force on 01 January 2023, the records should be prepared and kept up to date in accordance with the prescribed appendices, the reports on the officers to be black listed should be forwarded to the Public Service Commission by the officers who have delegated their authority in the prescribed format every 06 months, and the medical officers to be black listed should be debarred immediately. (Reference 6.26, 6.27)
- 7.7 To inform all concerned officers including Provincial Governors through a circular regarding the entire process related to the Sri Lanka Medical Service including recruitment, promotion, disciplinary action, approval of local and foreign leave, entering into agreements and bonds, resignation from service, interdiction, issuance of notices of abandonment, reinstatement, dismissal, maintenance of personal files, submission of information for the main personal file, submission of information for maintenance of appendices as per procedural norms . (Ref . 6.26)
- 7.8 Disciplinary action should be taken against officers who have made calculations beyond the limits of the existing laws and who have underreported the amount due. (Ref. 6.20)
- 7.9 The current and future need for specialist doctors in each specialist field should be identified and the necessary formal approvals should be obtained. Accordingly, training opportunities should be provided for completing postgraduate degrees in specialist medical fields. The currently redundant specialist medical officers should be deployed in hospitals/institutions where there is a shortage, and a fair and transparent transfer policy should be implemented. (Reference 6.8.1, 6.8.2, 6.9.1)
- 7.10 An appropriate motivational program should be developed to retain all medical officers, including existing and newly created specialist medical officers, in the country.
- 7.11 Specialist doctors who have been trained in specialist fields and who are employed in administrative positions should be employed in the fields in which they have acquired their expertise. (Reference 6.9.2)
- 7.12 Since it is observed that a significant number of medical officers who are on unpaid leave abroad, do not return to Sri Lanka and since no bond is signed in this regard, attention should be paid to preparing a suitable mechanism to recover the money spent by the government on their behalf. (Reference 6.13)
- 7.13 Investigate the activities of the Ministry's Legal Division and take disciplinary action against officers who have not properly discharged their responsibilities, and streamline the activities of the Legal Division and take prompt action in accordance

with the law to recover money due to the government from medical officers who have violated bonds and agreements. (Reference 6.20)

- 7.14 All the information to be included in the personal files of all medical officers should be included and the personal files should be kept up to date and there should be good coordination between the three departments where personal files are maintained. Further, a formal transfer system should be prepared and continuously implemented and the relevant officers who have been employed in the same branch for a long time should be transferred internally. (Reference 6.8.1, 6.8.2, 6.25, 6.28, 6.30)
- 7.15 To investigate the possibility of preparing a program for the recovery of all monies due from medical officers who have violated contractual bonds in coordination with the Sri Lanka Medical Council, upon registration of such medical officers with the Sri Lanka Medical Council, and to act accordingly. (Reference 6.31)

පශ්චාත් උපාධි පුහුණුව ලබන වෛද්‍ය නිලධාරීන්ගේ අනුමත තනතුරු සංඛ්‍යාව වැඩි කිරීම

උක්ත කරුණ සම්බන්ධයෙන් ඔබගේ සමාක හා 2024.01.30 දිනැති ලිපිය හා බැඳේ.

02. ඒ අනුව, ඉහත ලිපියෙහි සඳහන් කරුණු, ජාතික අයවැය දෙපාර්තමේන්තුවේ 2024.08.22 දිනැති ලිපියෙන් ඉදිරිපත් වූ කරුණු, පශ්චාත් වෛද්‍ය පුහුණු ආයතනයේ අධ්‍යක්ෂගේ අංක DR/PGIM/ADMIN හා 2024.06.28 දිනැති ලිපියේ තොරතුරු සහ 2024.03.06 දින මෙම දෙපාර්තමේන්තුවේ පැවති සාකච්ඡාවේදී ඉදිරිපත් කළ කරුණු සැලකිල්ලට ගෙන, සෞඛ්‍ය අමාත්‍යාංශයේ ප්‍රධාන කාර්යාලයට අනුයුක්තව පශ්චාත් වෛද්‍ය පුහුණුව සඳහා දැනට යොමුකර 3500ක් වූ වෛද්‍ය නිලධාරීන් සංඛ්‍යාව (ප්‍රාථමික/II/I) 3700ක් දක්වා ඉහළ දැමීම අනුමත කරන බව කාරුණිකව දන්වමි.

03. තවද, රජයේ සේවයට බඳවාගනු ලබන වෛද්‍ය නිලධාරීන් පශ්චාත් උපාධිය සඳහා යොමු කිරීමේදී පහත කරුණු කෙරෙහි ඔබගේ අවධානය යොමු කරවමි.

- I. පශ්චාත් උපාධි සඳහා වෛද්‍යවරුන් යොමු කිරීමේදී එය සෞඛ්‍ය සේවාව අඛණ්ඩව පවත්වාගෙන යාමට බාධා නොවන පරිදි සිදුකළ යුතු වීම සහ ඉහත අනුමත 3700ක පුහුණුලාභීන් සංඛ්‍යාව උපරිම සීමාව සේ සලකා කටයුතු කළ යුතු අතර, කිසිදු විටෙක එම සීමාව ඉක්මවා පුහුණුව සඳහා වෛද්‍යවරුන් අනුයුක්ත නොකිරීම.
- II. පශ්චාත් උපාධි පුහුණුව ලබා දුන්නද ඇතැම් ක්ෂේත්‍ර සඳහා විශේෂඥ වෛද්‍යවරුන්ගේ දැඩි හිඟතාවක් නිරීක්ෂණය වන බැවින් වෛද්‍ය විශේෂඥතා හිඟයට පිළියමක් ලෙස එම හිඟතාවය පවතින ක්ෂේත්‍ර හඳුනාගෙන ඒ අනුව, ප්‍රවෘත්තාගත කර පුහුණුව ලබාදීම.

04. එසේම, පශ්චාත් වෛද්‍ය පුහුණුව ලබාදීම සඳහා වෛද්‍ය නිලධාරීන් ප්‍රධාන කාර්යාලයට අනුයුක්ත කිරීම මත එම තනතුරෙහි ඇති වන පුරප්පාඩු සඳහා නව බඳවාගැනීම් සිදු කිරීමේදී අනුමත සමස්ත වෛද්‍ය නිලධාරී තනතුරු සංඛ්‍යාව ඉක්මවා නොයන පරිදි කටයුතු කළ යුතුය.
